### PERSONAL

Baha'i Faith - The principle of the unity of religion means that all of the great religious founders have come from God, and that all of the religious systems established by them are part of a single divine plan directed by God. In reality, there is only one religion of God. This one religion is continually evolving, and each particular religious system represents a stage in the evolution of the whole. The Baha'i Faith represents the current stage in the evolution of religion. If you would like more information or would like to attend an informal public discussion, a meeting will be held Sept. 6 at 7:00 p.m. at the Acton Library or phone 877-9530 or 878-6138.
