ASTRO-GRAPH

BERNICE BEDE OSOL

Your Birthday
Aug. 31, 1989

You'll become more active in the year ahead in making major decisions that will truly affect your life. Things you previously only thought about doing will now be put into motion.

VIRGO (Aug. 23-Sept. 22) There is nothing wrong with being assertive and striving to advance your self-interests today as long as you don't take advantage of others. Initiative will produce desirable results. Trying to patch up a broken romance? The Astro-Graph Matchmaker can help you to understand what to do to make the relationship work. Mail \$2 to Matchmaker, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428.

LIBRA (Sept. 23-Oct. 23) You'll perform more effectively if left to your own devices today. Remove yourself from outside influences or distractions and do what needs doing in solitude.

SCORPIO (Oct. 24-Nov. 22) Your presence will be felt and you'll generate a stir of activity wherever you go today. Your zest for life will stimulate even those who are lethargic or uninspired.

SAGITTARIUS (Nov. 23-Dec. 21) It should be rather easy for you to stand in the winner's circle today. All you have to do is set your sights on a singular objective that is of primary importance to you.

CAPRICORN (Dec. 22-Jan. 19) Knowledge to which you'll be exposed today will make a deep impression on you and you'll retain the facts rather easily. What you learn will be put to constructive uses later.

AQUARIUS (Jan. 20-Feb. 19) Some important changes and transformations could be in the offing for you today, but there is no need for you to be fearful of them. Shifting conditions work to your benefit.

PISCES (Feb. 20-March 20) Thoughtfulness is your second name today and this is just what will be needed in your associations with others. Good things will transpire from your cooperativeness.

ARIES (March 21-April 19) Take pride in everything you do today, even your most nominal tasks. Gratification and feelings of self-worth are enhanced by evidence of good work.

TAURUS (April 20-May 20) Explore in greater detail a venture you're presently contemplating. You appear to be on the right track and with a little more thought, you could further minimize any risks involved.

GEMINI (May 21-June 20) Your mind and energies are likely to be devoted today to doing things for those you love. Your unselfishness is admirable and your efforts will be effective.

CANCER (June 21-July 22) Don't be reluctant to discuss with others today interests that are important to you. You should be able to arouse enthusiasm for your ideas and win the approval you need.

LEO (July 23-Aug. 22) Ambition and imagination, properly channeled provide you with a dynamic combination today. Success, as well as personal gain, are more than likely.
