

C.A.H.A. welcomes new people

The C.A.H.A. recently expanded the development department of the National Office with the addition of two experienced people to the technical side of the hockey operations.

Bob Nicholson, the former Technical Director of the B.C.A.H.A. will assume the position of Vice-President Technical, while Pat Reid from Sport Canada where he was a High Performance Sport Consultant fills the role of Vice-President High Performance.

With the departure of Dennis McDonald the former Vice-President to the Winnipeg Jets, this allowed for a restructuring of the C.A.H.A.'s Development Department as set out in the five year-plan that was established back in 1986.

The need for a stronger delivery system of the domestic programs combined with the growing involvement in international hockey prompted the dual appointment at this time.

Bob has been the B.C.A.H.A.'s Technical Director for the past nine years and is certainly no stranger to the National scene as he has worked on many C.A.H.A. Hockey Development Council Committees. He brings a wealth of experience in program design and delivery at the grassroots level.

Pat has been the manager of Sport Canada's best ever winter program for the past six years plus has been the Federal Government Sport Consultant to both the C.A.H.A. and Hockey Canada. He also has been an active member of the International Hockey Committees of the C.A.H.A. and Hockey Canada since 1980.

Centennial X-country

Centennial school teams competed this past week in the Cedarvale, East York Harriers and North Halton cross-country meets with fine showings in all three.

Gym classes too, have been doing conditioning runs in preparation for the Homebase fun run held recently.

Students showed enthusiasm and good sportsmanship during this activity as well as good judgement according to their individual ability levels - some walking the course, others running and still others a combination of the two. Congratulations to the efforts of all participants.

Black machine revving for hockey season

Coaches Markham, LaRose, McCloud and rookie Kraus have taken their Black Machines out of storage for yet another year on the hockey circuit.

After a few speed laps, tune ups and a couple of test runs they drove to Dundas Sunday to play their first game.

Georgetown took an early lead when mini-model Dan Cabral picked up a rebound flipping it over Dundas goalie. Dundas tied it up fast. Robert Ace LaRose, Mighty Mike Kraus, and Daring Dave Markham were banging on Dundas' door all night but couldn't get by Dundas' strong goalie. Dundas scored to make it 2-1.

Maddog Mike Madill was really energetic when robbed on a nice breakaway, he took his revenge a few minutes later when he fired rubber by Dundas' goalie to tie the score. Look out Maddog's huzzing this year.

Speedster Robert McCloud was robbed on a number of shots on net, but he played tough on the faceoffs. Defence Tiger Jeff Telford took a few bangs along the boards only to

get up quick and clear the puck from our end. Grizzly Jeff Bahr and Eager Beaver Ryan Smith did some nice poke checks along the blueline and guarded our net.

Joey Goodhue turned on the turbo on a few occasions to clear our end. Sports model Judd Richardson who played defence last year showed he can also play offence when moved to wing, he's had some nice shots and created lots of action up front.

With a minute left to play Markham pulled goalie Joey Barber, who had played well making some quick saves, to put out an extra attacker and go for the tie. The clock ran out for the Black Machines.

Special mention to our second

goalie Chris Hall for the sportsmanship he showed as he cheered on his teammates.

Georgetown revved up again Tuesday night when they met their arch rivals Milton in home territory.

P.S. Dave Kraus you should wear red, white and black.
