Tonight Norval WI enjoyed an arm-chair visit to Russia. In keeping with the program the roll call was pros and cons of communism and socialism which was answered by 11 members and one guest. Norine Van Leeuwen showed slides and gave a commentary on a recent trip she and her husband had taken to the U.S.S.R.

Being a Russian has never been easy, she said, but these people are still very proud of their cultural heritage which is still well preserved. Democracy in Russia has progressed to "March" but the economic situation is still bogged down. Moscow boasts a population of nine million and an average of three million visitors each day. Our tour was exceptional. Norine commented with many special treats and favors from our hosts.
