## HERITAGE NOTES

### Black Bear

When fall comes to Pukaskwa National Park, this impressive creature sets out in search of a refuge for the winter.

Pukaskwa offers the black bear a wide choice of shelters: crevices, hollow trees, overturned stumps or simply the low branches of conifers. Once it has found its hiding place, the black bear makes a bed of branches and shrubs and set-

ties in for hibernation — its internal temperature falls and its respiration slows. Thanks to its thick coat of fur and reserves of fat, it can survive the entire winter without freezing.

For further information about Pukaskwa National Park, write to the Canadian Parks Service, 111 Water St. E., Cornwall, Ontario K6H 6S3.

## FUN FACTS

- 1. Most of the customs associated with Halloween can be traced all the way back to ancient Ireland and Scotland.
- 2. The first Jack-O-Lanterns were made from hollowed-out potatoes, turnips, and rutabagas. The Jack-O-Lantern originated in Ireland.
- 3. During the Middle Ages, black cats were thought to be transformed witches, or friends of witches.

## A Little Bit Of HUMOR

- Ghost: May I haunt your house?  
Man: Sure. Be my ghost.
- Q: Why is S so horrifying?  
A: Because it makes cream "scream."
- Jack: Did your watch stop when it hit the floor?  
Mack: Sure, did you think it would go on through?
- Peg: What do you get when you cross a pig with a parrot?  
Meg: An animal that hogs the conversation.

## Alfie Bits

Halloween is a time of fun. But if you go trick-or-treating, remember these safety tips: look both ways before crossing the street, don't eat your treats until they've been checked by an adult and don't go out at night by yourself.
