HOME OF THE WEEK

PLAN NO. 87-2331

DORMER WINDOWS BRIGHTEN COUNTRY HOME

Full width covered verandah, trio of dormers and Palladian window combine to create a nostalgic charm for this three bedroom home. Directly off the barrel vaulted foyer is a living room with adjoining formal dining area. Both dining room and greenhouse breakfast bay are served by the centrally located gourmet kitchen. The U-shaped kitchen, offering abundant counter and shelf space, is open to the breakfast area. The large family room with warming fireplace is an ideal entertainment centre.

Access from the two car garage opens to a main floor laundry/mudroom and connecting two piece powder room. This conveniently provides a direct route to the kitchen for unloading groceries. A secluded den serves as a multipurpose room and may be used as a guest room, office or sewing room.

Ample natural light from the circle head window over the foyer illuminates the stairs to the bedroom above. Double doors open to a luxurious master suite with walk-in wardrobe and sumptuous ensuite with shower and raised whirlpool spa resting in a bay window. The two additional bedrooms share a three piece ensuite with soaking tub.

The finished floor area of this design is 2,389 square feet. This plan is also available in super energy efficient R-2000. (When ordering R-2000, order Plan No. 87-2331R.)

Send for Canada's largest plan book with over 300 designs, only \$9.95, including shipping.
