

Free skating is provided

The Town of Halton Hills is very fortunate to have many service clubs and organizations within our community that strive to make our quality of living so much greater and so much more enjoyable. This week in our Leisure Lines article, we at the Recreation and Parks Department, would like to pay a special tribute to two service clubs who have assisted our department in some very specific ways.

The Acton Rotary Club for many years has been the sponsor of free skating at the Acton Arena on Professional Activity Days. These are days when the students at our local schools are home during a regular school day. Providing these extra public skating times at a no charge rate, certainly encourages everyone to want to skate.

The Optimist Club of Georgetown provides free skating opportunities in Georgetown on these P.A. days. In an effort to encourage children of low income families to participate in recreation the Optimist Club also generously donates money towards the cost of each child's participation in our summer camp programs. One other project this club also assists us with is called "Calls From Santa." Each year the Optimist Club has been able to make special arrangements with Santa to call children in Kindergarten and Grade 1. Last year over 635 households were called! What an amazing feat!

With the support of groups like these and many other groups too numerous to mention, we in Halton Hills can be assured of a better way to live.

Thank you Service Clubs!

There will be free skating at all Halton Hills Arenas during the following times. Compliments of the Georgetown Optimist Club and the Acton Rotary Club. Adults are welcome too!

McNally Construction looking to improve

Georgetown's McNally Construction Minor Novice Rep team have yet to log back-to-back wins this season.

Two losses and a win this past week brings the team's record to 3-9-1.

Last Thursday on home ice against Flamboro, the Minor Novices came up short losing 2-1.

After a scoreless first period, Flamboro scored two quick goals midway through the second. With 2:01 left in that period, Georgetown's Brent McClung scored unassisted his first goal of the season.

Although the Georgetown boys had some good chances in the third, the remainder of the game was scoreless, leaving Flamboro with the win.

Friday night coach Ken Smith, assistant coach Al Stutard, and manager Wayne Smith put the Minor Novice team through a good, hard practice that was rewarded with a win Saturday against Oakville.

Georgetown scored first at 8:12

when Trevor Cash found the net off a pass from Mathew Walinga.

Six minutes later Danny Smith scored an unassisted goal to put Georgetown ahead 2-0. In the second period, Oakville got past Georgetown's goalie Tyler Pearce only once.

Mathew Walinga scored for Georgetown again, assisted by Danny Smith for a 3-1 finish.

Back on home ice Sunday, the McNally Construction Reps couldn't handle the second place squad from Streetsville.

Georgetown couldn't get anything past Streetsville's goalie for most of the game and the score was 5-0 after the second.

Finally, with 5:04 left in the third period, Mathew Walinga, assisted by Jason Campbell, scored Georgetown's lone goal of the game for a final score of 5-1.
