CONTEMPORARY OFFERS WALLED KITCHEN GLASS

floor plan 3181 sq. ft.

Elegance is the hallmark of this four bedroom bungalow. Dramatic ceiling designs and distinctive window treatments abound throughout this family home. An expansive covered front entry opens to a main foyer flanked by a formal living and dining room. The sunken living room boasts a coffered ceiling and warming fireplace sandwiched between two half circle-top windows. A high palladian window brightens the dining room and accents the barrel vaulted ceiling. The elegant master retreat features a huge skylit walk-in wardrobe and coffered ceiling. The lavish ensuite has his and hers vanity, oversized glass block shower, and skylit whirlpool spa. An adjoining den with French door access to the rear patio completes the master suite.

The open plan kitchen/family room combination creates a large informal space and is a natural gathering spot. The kitchen is a gourmet's delight with walk-in pantry, wet bar, desk, long centre cooking island and connecting breakfast bar - for quick counter top meals. The kitchen flows to a sunny skylit breakfast area and family room with warming wood stove.

The three additional bedrooms revolve around a skylit main bathroom with twin vanity and large soaking tub. Convenient main floor laundry room located close to the bedrooms eases household chores.

The finished floor area of this distinctive family home is 3,181 square feet.
