

FORD Tractors

"The Dealer"

Our newest addition --
FORD 655C BACKHOE

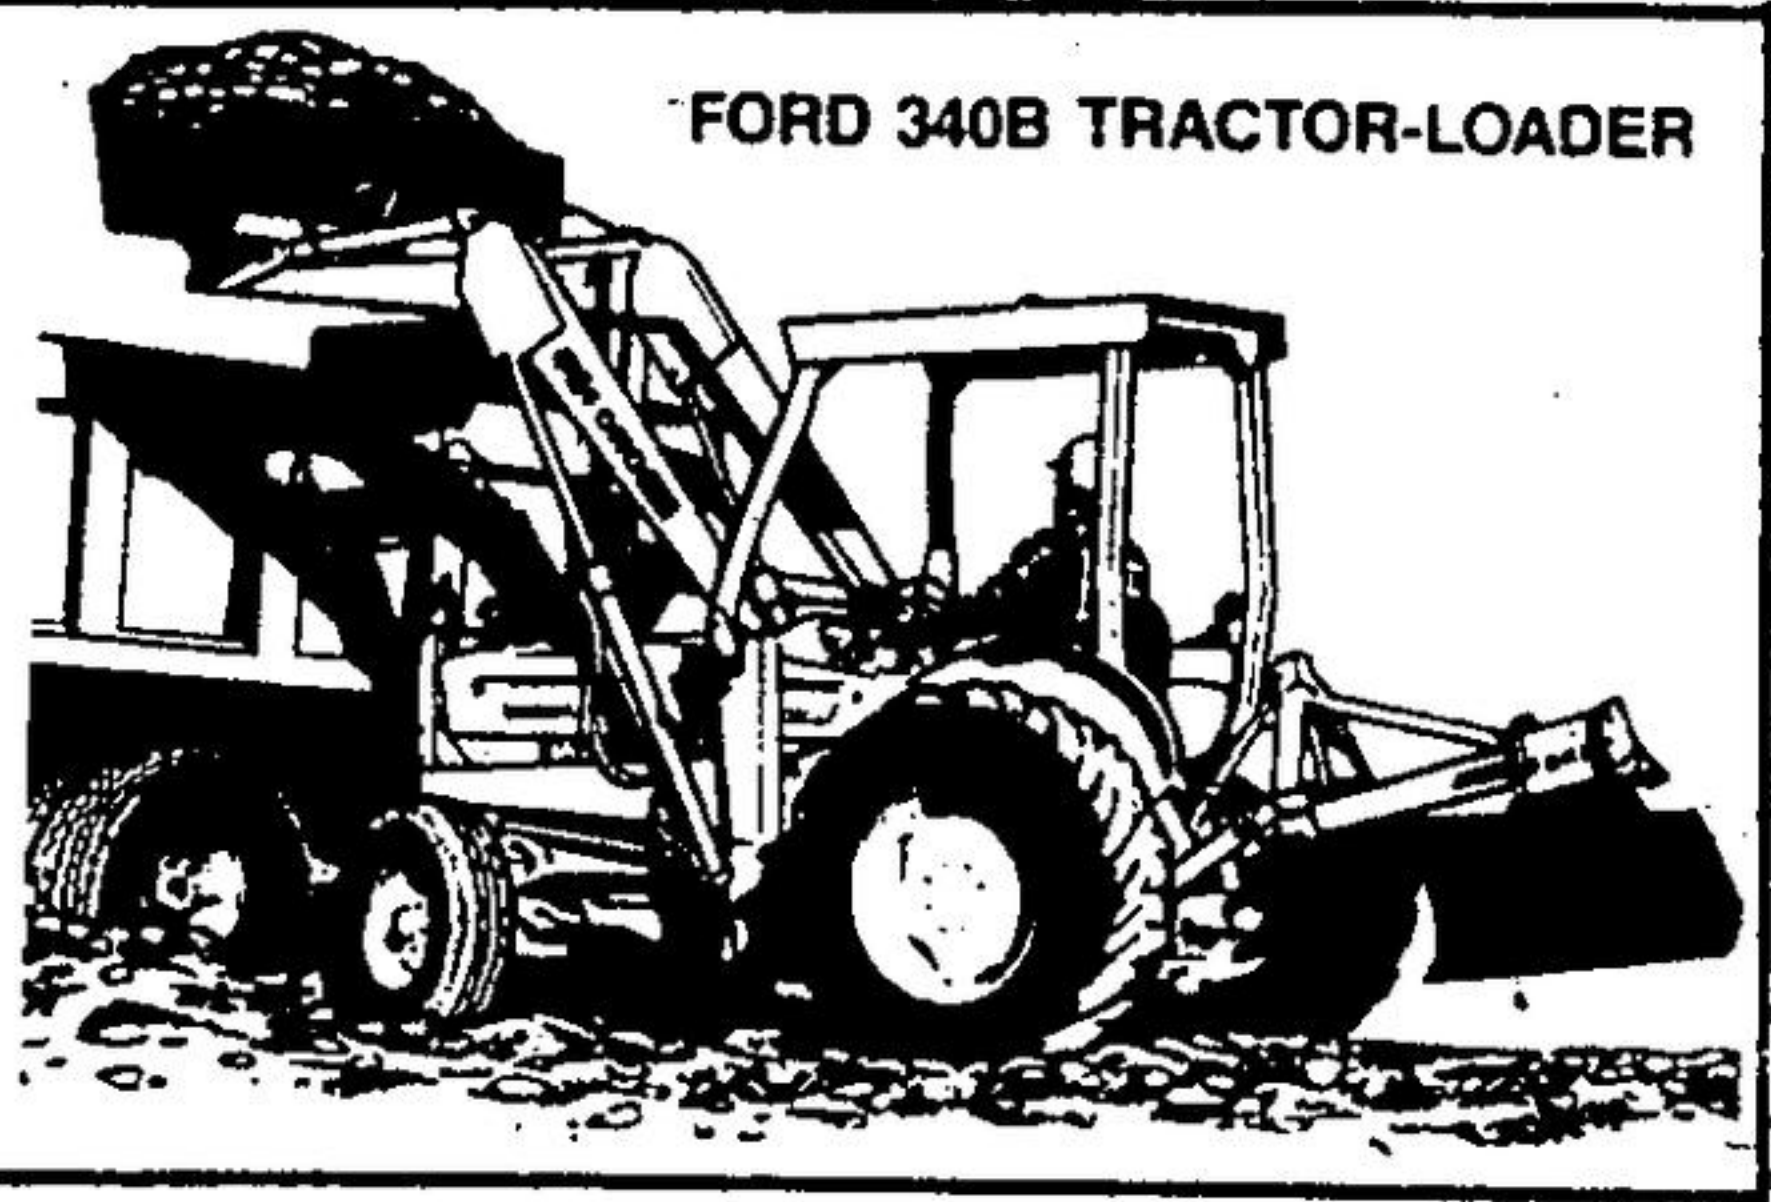

Features:

- reach
- strength
- operator visibility
- greater control speed

The L-553.
Unmatched
dump reach.

Forward dump reach with the Model L-553 loader from New Holland. That's because the lift linkage lifts the payload forward as it enters the bucket, while the dump linkage keeps the bucket level, for faster dumping and more work per hour. The L-553 has a 42-inch low center of gravity for outstanding stability. See the Model L-553 on a test.

**HERE'S
WHY YOU
NEED SO
MANY ON
THE JOB**

**Reach
Speed and Stability**
