Twin bay windows, pillared porch and brick exterior adorn this four bedroom, 3,030 square foot home. Floor plan ideally separates the formal and informal areas of the home. Foyer, with sweeping curved staircase flank the living and dining rooms. The informal area of the home sprawls along the rear of this design. A gourmet kitchen, with pantry and abundant counter work space, is open to the breakfast bay and family room. Sliding glass access to the garden patio and a masonry fireplace makes the family room a perfect gathering spot. Coffered ceiling den, can easily be used as an in-home office, game room or guest room.

The curved staircase ascends to the railed gallery which views the foyer below. The gallery which opens to the master bedroom, can be used as a library or computer station. The master bedroom features a walk-in wardrobe, and lavish ensuite with twin vanity and whirlpool spa. The three additional bedrooms, each with roomy wall closets, share a main bathroom with soaking tub.
