B.C.A. Services in Acton, was hit a second time by thieves last Thursday, who stole nearly \$3,000 worth of military paraphernalia and tools, police say.

Police suspect the culprits knew exactly what they wanted and where to find it as they believe the same individuals were involved in the May 7 break-in.

The thieves entered the business through a locked rear entrance after crawling under east side fences. Bolt cutters were used to break into trailers on the property, however, nothing from the trailers was noticed missing.

Police attempts to dust for fingerprints were washed away by rainfall.

Tools stolen

Thieves stole more than \$3,600 worth of tools and equipment from York Auto Wreckers at Fourth Line and Sideroad 17 last Wednesday, police say.

Reports say the culprits rifled through cabinets and desks taking various tools, including tool boxes on company vehicles. The thieves also attempted to break into the Coke machine, as well.

Golf clubs stolen

During an early morning break-in thieves managed to steal \$2,550 worth of golf clubs and a leather bag from North Halton Golf Club on Saturday.

A Rockwood man came face to face with a dozen coyotes while fishing in Blue Spring Creek, less than a mile west of the Fourth Line.

The man told police the coyotes appeared aggressive so he eluded the animals and sustained no injuries.

An Erin man has been charged with mischief under \$1,000 after he and two friends created a disturbance at a Georgetown submarine shop.

Police say the man and friends entered the store while intoxicated and began initiating fights with the employees. Refusing to leave, the man became verbally abusive and smashed the cash register, breaking it.

The man was scheduled to appear in Milton Provincial Court on June 11 in relation to unrelated charges, however, a summons has been issued for the submarine shop incident.

Culprits net \$25,000 in goods

Police suspect the same culprits are responsible for stealing nearly \$25,000 worth of goods from two Winston Churchill Boulevard homes, just north of Steeles Avenue.

The side door of one home was forced open by the culprits who went directly through to the second floor of the home, police say. The thieves took a VCR, a microwave and more than 20 rings, earrings and bracelets from a jewelry box.

Police say after the thieves broke into the front door of the second home they went from room to room thoroughly scouring for items to steal. A television, VCR and \$20 in loonies were reported stolen.

On the other side of town, while still unopened in its crate culprits stole a \$6,800 jet ski from Outdoor Power Equipment at 61 Guelph St. on Saturday, police say.

It is the second time in several weeks a jet ski has been reported stolen from the same business.

Police suspect four people were involved in the theft as four separate footprints were found around the area. The same foot-

print styles were found in the previous theft.

It was apparent that the culprits carried the 365-lb. jet ski down a 10-ft. grade, through a vacant parking lot and into a pick-up truck.

And last Friday, \$2,200 in pressurized equipment was stolen from a business at 20 Commerce Court after thieves broke in, police

say. The thieves entered by smashing a panel from the rear garage door, opened the door and apparently pulled a vehicle into the garage, police reports say.

A Lincoln torch, a pressure washer, oxygen cylinder and various tools were stolen from the business.
