Graceful arches, angled bays and plentiful glass highlight this three-bedroom home. The two storey foyer opens onto the formal sunken living room. A fireplace wall separates it from the tray ceiling dining room. French doors from the dining room open to the garden patio. The gourmet kitchen nestled in a large bay is equipped with a pantry, cooking island and eating bar. The breakfast room overlooks the spacious sunken family room which invites a casual lifestyle.

A railing curves up the staircase and around the gallery which overlooks the foyer and living room through double doors. An opulent master bedroom, with balcony, invites relaxation. A see-through fireplace can be viewed from the bedroom and its sunny sitting area. A lavish ensuite boasts a raised spa, twin vanity, make-up counter and oversized walk-in closet. Two additional bedrooms are accompanied by an additional 302 square foot bonus room. A convenient walk through bath and closet space can make this bonus room an ideal guest room or nanny's suite. This distinctive 3,567 square foot family home allows for further expansion with a full basement.
