Green Machine edges Turtles

Special thanks to the referees who came out all season and helped to make this year a success.

The parents, coaches and managers did a superb job. With their help and support all season the boys had a great opportunity to learn team spirit.

Ryan Busby, 7, eagerly waits for his father, Gord Busby, to sign him up for another season of hockey at the Gordon Alcott Arena earlier this year. The Georgetown Minor Hockey Association is still looking for more people to join their ranks, including coaches, referees and convenors, to make this season even more successful than last. Ice time is at a premium

People looking for some ice time this year should sign up soon, because the spaces are filling up fast.

Doug Vivian, manager of The Gordon Alcott Memorial Arena, said the schedule is already pretty tight, with 11:00 p.m. being the earliest time available on average.

"Right now we have some times open at 9:00 and 9:30 in the evenings during the week, but after Labor Day, it's around 11:00."

There are many groups who use up large time slots at the arena, including the Figure Skating Club, the Georgetown Raiders Junior 'B' team, other recreational leagues, the house leagues and even the Acton Sabres Junior 'C' team.

"The Sabres are using it for practice, since their arena doesn't get their ice in until after Thanksgiving," said Vivian.

As soon as the Sabres leave, those spaces are filled up with more house league games, leaving the schedule booked fairly solid.

In the "pre-season" before winter really sets in, Vivian said the cost of rentals run \$80 per hour between 4:00 p.m. and midnight.

"After midnight, the price drops by \$10 an hour. During the day is a good time, since it's half price between 8:00 a.m. and 4:00 p.m."

He also pointed out that people who just want to do a little skating can take advantage of the adult noon skate, which is on Tuesdays and Fridays from noon until 1:00 p.m. Cost is just 75¢.

"We also have a parent and tot skate on the same days from 10:00 a.m. to noon on Tuesdays and from 1:00 p.m. to 3:00 p.m. on Fridays. Cost is 75¢. It's nice for them to be able to come without worrying about getting run down by some of the older kids. Those skates don't start up until October."

Anyone wanting more information or would like to book some ice time can call Alcott Arena at 877-8488. All bookings must be paid in advance.

Minor hockey registration down this year

Registration for minor hockey in Georgetown is down by over 100 children this year, with just 412 signed up so far, while 556 joined last year.

As a result, this is the first year that the Georgetown Minor Hockey Association has run five registration nights, the last one being on Sept. 8 at Alcott Arena.

Judy Pries, one of the GMHA organizers, said the last registration in August drew 109 new skaters, which has made her optimistic that more will turn out later.

"We've also predicted that we'll lose about 40 kids to the Triple 'A' hockey, so we are planning to increase our training programmes. Hopefully, this will encourage people to join house league in order to develop themselves to play rep hockey later."

She said it will take some education of the parents to get them used to this idea, since many of them have been strictly involved with house league for a number of years.

Pries also said the association is looking for more referees and a few coaches to fill the ranks this year, as well as people interested in becoming convenors for the various groups. Anyone wanting more information can call Hal Pells, GMHA president, at 873-0962 or Jim Leahy, GMHA vice-president, at 853-0196.

ACTON FIGURE SKATING CLUB....

is busy preparing for another year of skating. All levels of skaters are welcome to join with the option of skating once a week as a beginner or as many as three times a week as a senior. The beginner skater will start in the Canskate Program where the fundamentals of skating are introduced. Helmets are highly recommended at this level. Badges are received as each skill is achieved then skaters may move on to the Canfigureskate Program where you may begin taking the Canadian Figure Skating tests. There are usually two test days during the season and these are evaluated by judges from the C.F.S.A.

Last year the club introduced a Power Skating session, which will be offered again this year due to a great success and interest by hockey players. Hockey equipment must be worn for this session.
