

Young Outlook

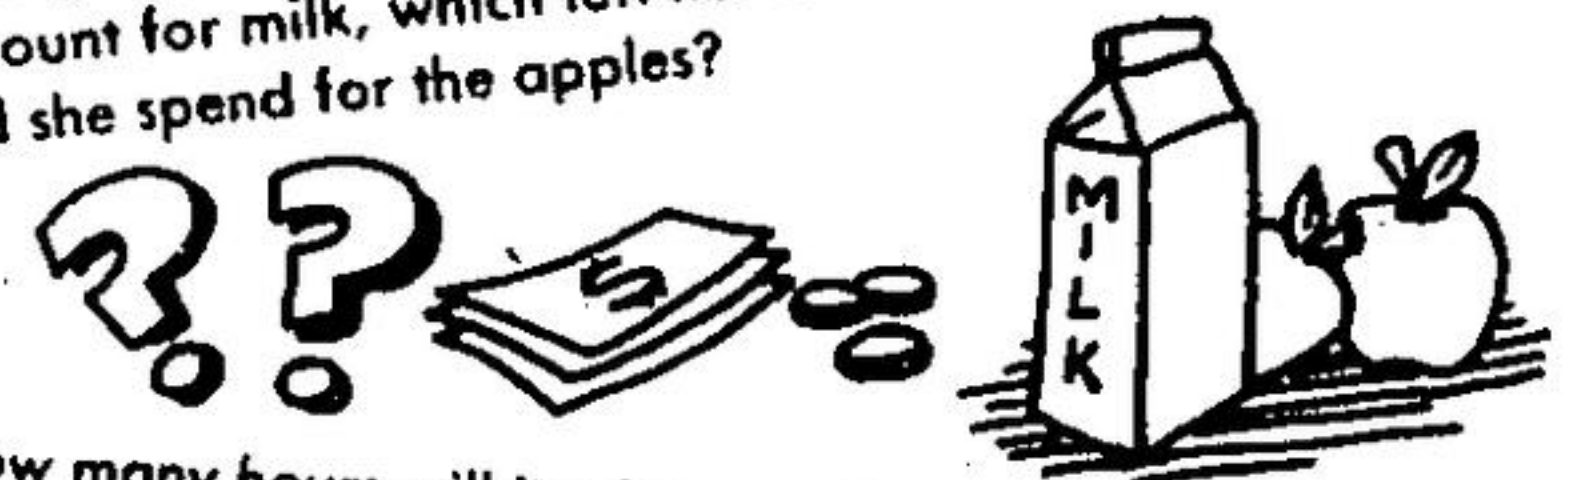

Test Time

Here's a little quiz designed to test your mathematical reasoning.

1. In a box of 48 apples, 8 out of each dozen are good. How many in the box are bad?

2. A girl spent half her money for apples and half that amount for milk, which left her with 40 cents. How much did she spend for the apples?

3. How many hours will it take a car to go 400 miles at a speed of 50 miles per hour?

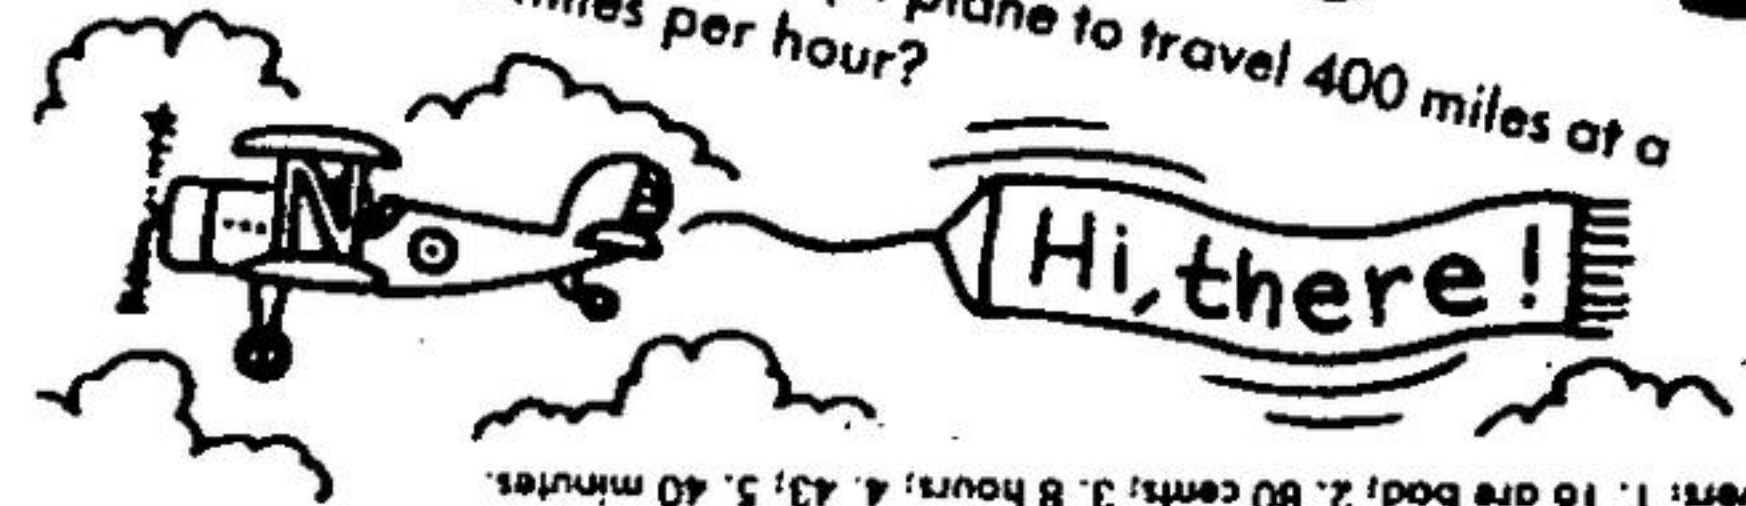

4. Thirty-six is as much more than twenty-nine as it is less than what number?

$$36 + x = 29 \quad 36 + 29 = 65$$

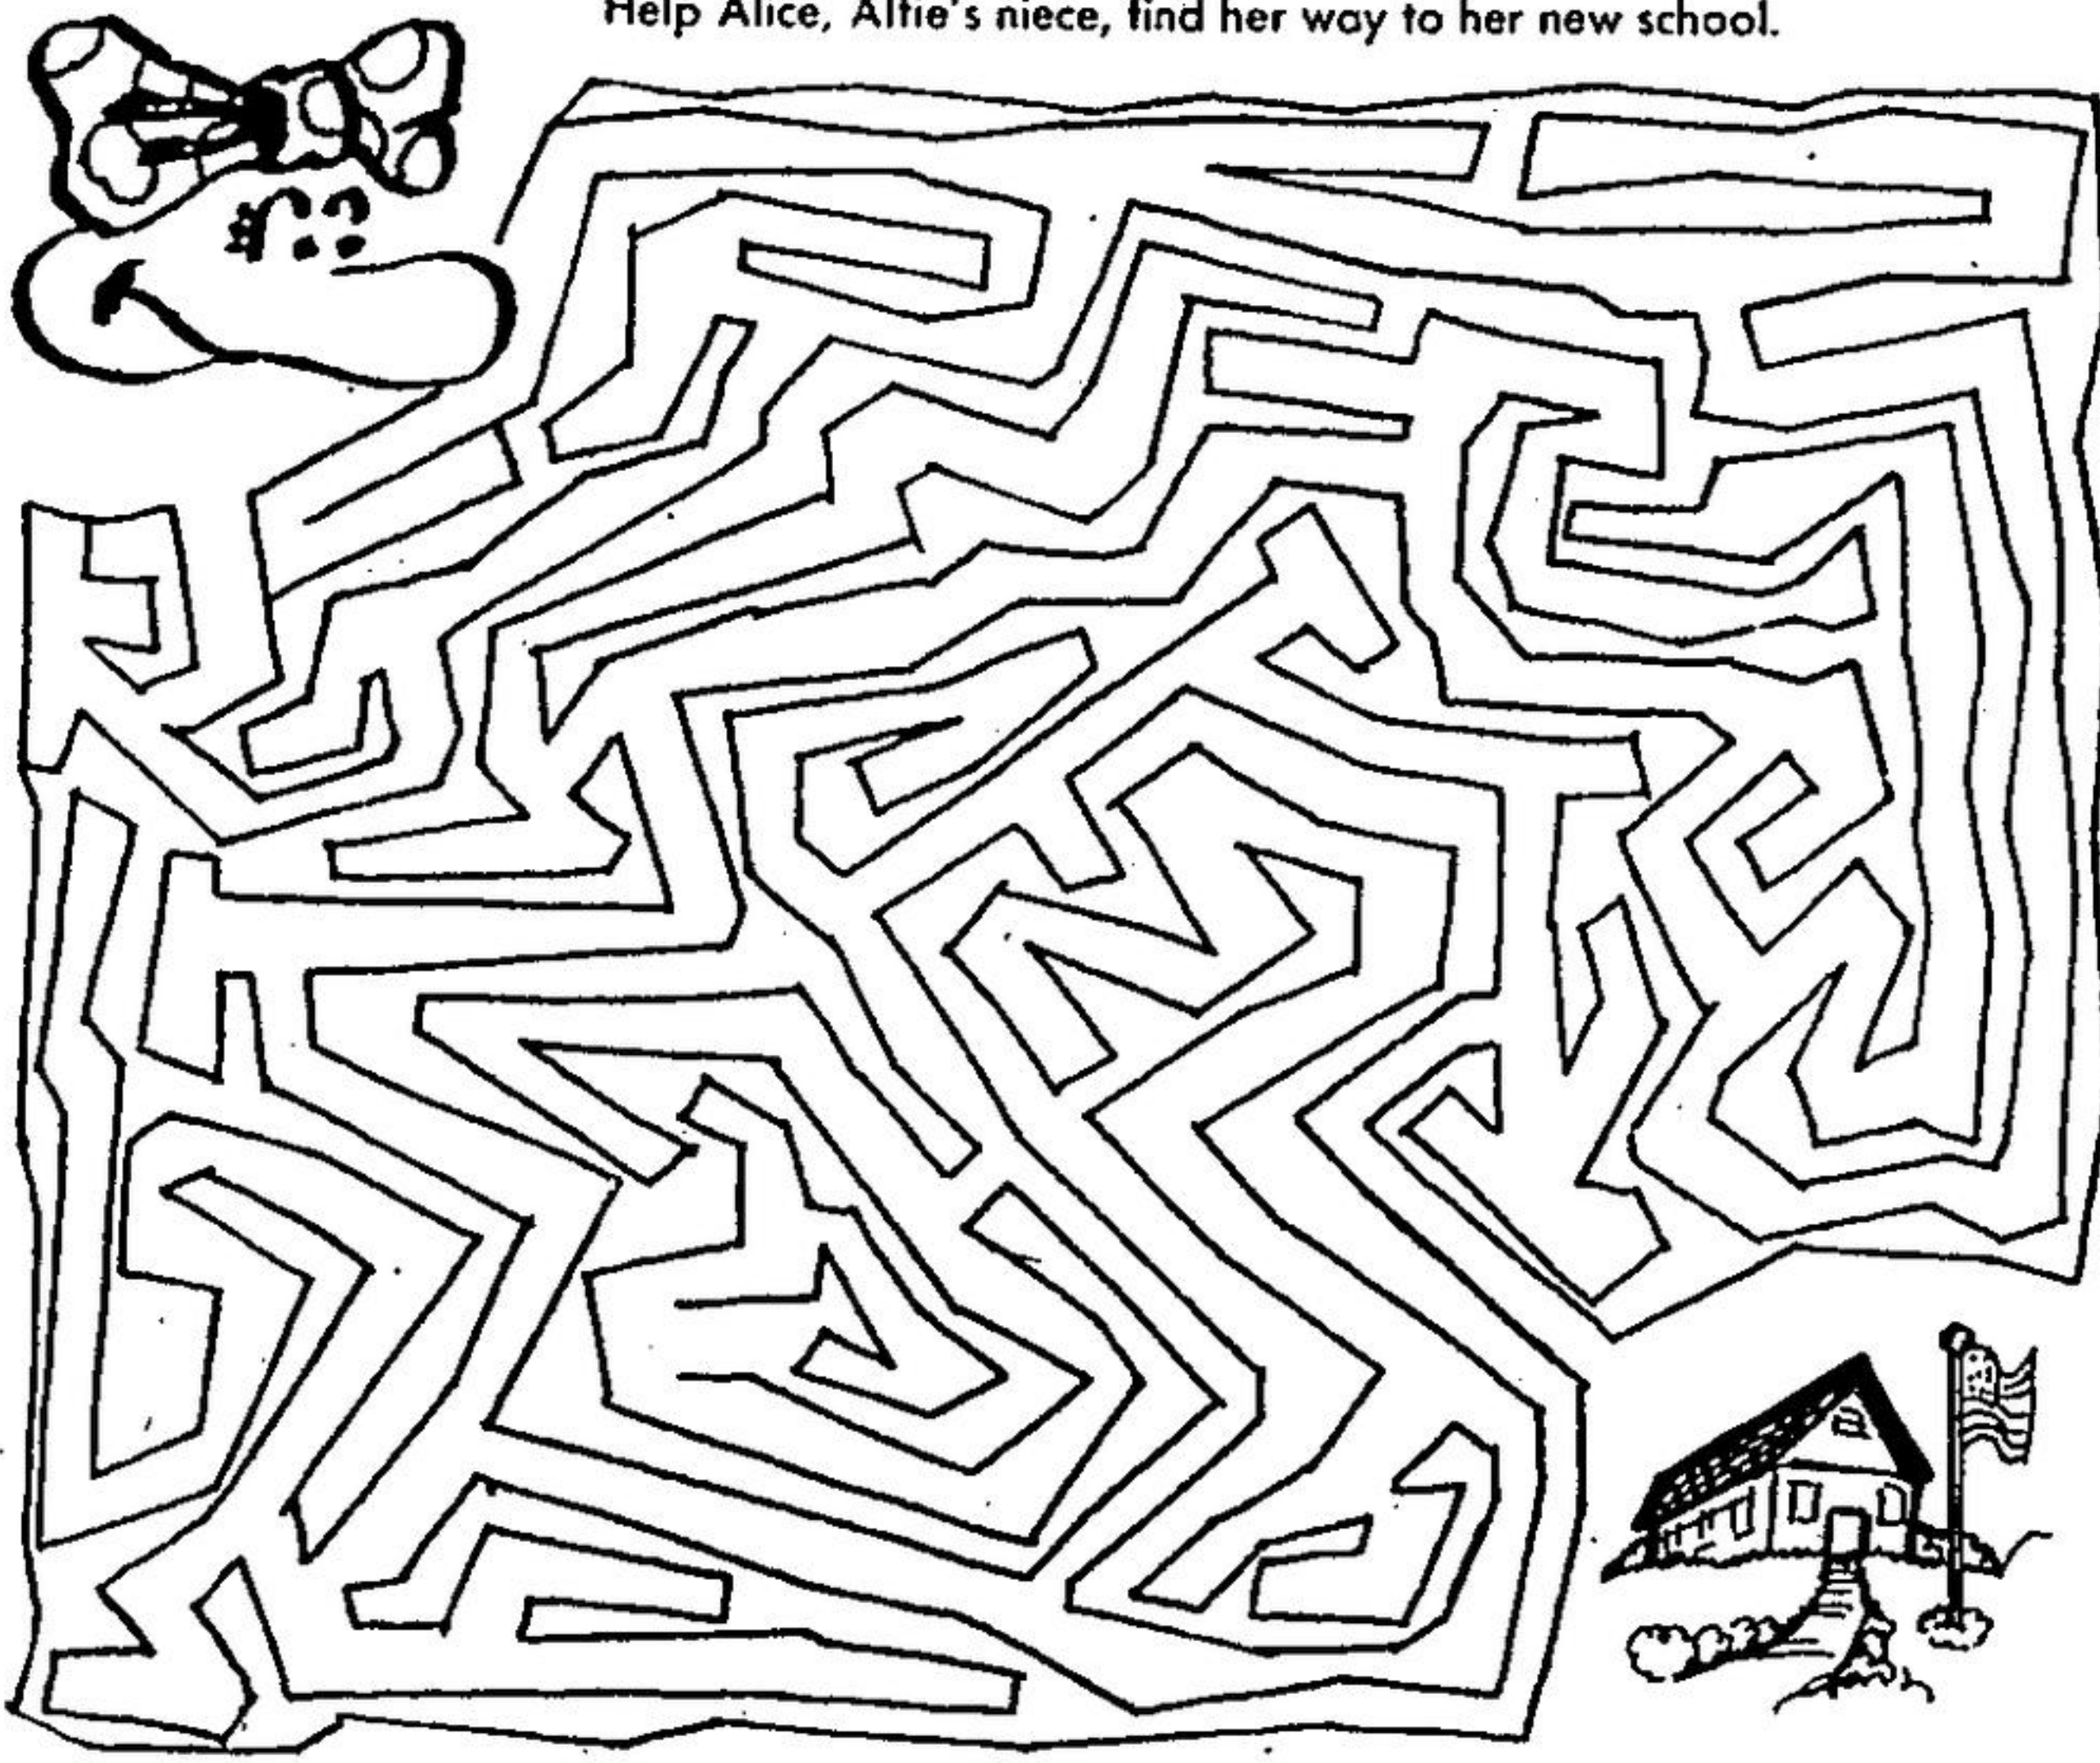

$$36 - 29 = 7$$

5. How long will it take a jet plane to travel 400 miles at a speed of 600 miles per hour?

Answers: 1. 16 are bad; 2. 80 cents; 3. 8 hours; 4. 43; 5. 40 minutes.

Help Alice, Alfie's niece, find her way to her new school.

BOYS - GIRLS

MYSTERY LETTERS

Alice is really excited about school this year because her teacher is using something special to make learning fun. To find out what that something is, you must first find the ten mystery letters. Do this by comparing the two words on each line. The mystery letter is the letter that appears in the first word, but not in the second word. (We've done the first one to give you a head start.) Next, unscramble the mystery letters and you'll have the answer.

the letter is in	SAD	but not in	BAD	S
the letter is in	APE	but not in	ARE	
the letter is in	PIN	but not in	BIN	
the letter is in	SEA	but not in	SAT	
the letter is in	EAR	but not in	RAN	
the letter is in	BAR	but not in	RIB	
the letter is in	WET	but not in	BET	
the letter is in	MEN	but not in	MET	
the letter is in	SAY	but not in	BAY	
the letter is in	RAT	but not in	BAT	

Answers: newspapers

1. In 1647, Massachusetts passed the first law to require the establishment of public schools. The law required every town with

at least 50 families to start an elementary school.

2. In ancient Greece, only the sons of citizens could attend school, and most Greek residents were not citizens.

3. In the U.S. there are about 77,000 elementary schools, of which about 63,000 are public.

4. The state of Hawaii is unique in

that it is the only state which directly controls all public schools. The other states have local school districts to operate the public schools.

5. The first school in America was established by the Dutch West India Company on Manhattan Island in 1633. In 1783 the school became known as the Collegiate School. It is still in existence.

HEY KIDS!

it's

and nothin' but
