Poppy campaign week 1990 is upcoming

Poppy Chairman Jean Narey is once again asking our members for their help during the Poppy Campaign week of November 1st to November 10th. Please let Jean know when you would be available to help - be it one, two or three hours - driving or relief shift, mending and packing poppy boxes, so many ways to help. Remember if you don't have a uniform don't let that deter you as Jean has I.D. Tags for you. Many caring and helping hands make light the load. Phone Jean Narey at 877-9787 and offer your much needed help.

Memo from Marian Carney: If you do not want your 41st car club ticket notify your Captain as soon as possible - there is a waiting list.

opposite Rome, was finally cleared of Germans by the 1st Canadian Division on December 28, 1943, after days of house-to-house fighting that has been compared in its intensity to the fighting at Stalingrad. The advance stopped for the winter just north of the city, and the troops spent the next three months patrolling from static positions in constantly terrible weather

- wind, cold and rain that turned the clay into a muddy swamp. The above was just one of many instances that evoked the courage, and undaunted spirit of the Canadian soldier. "We will remember them."
