## HOME OF THE WEEK

PLAN NO. 1989-2145

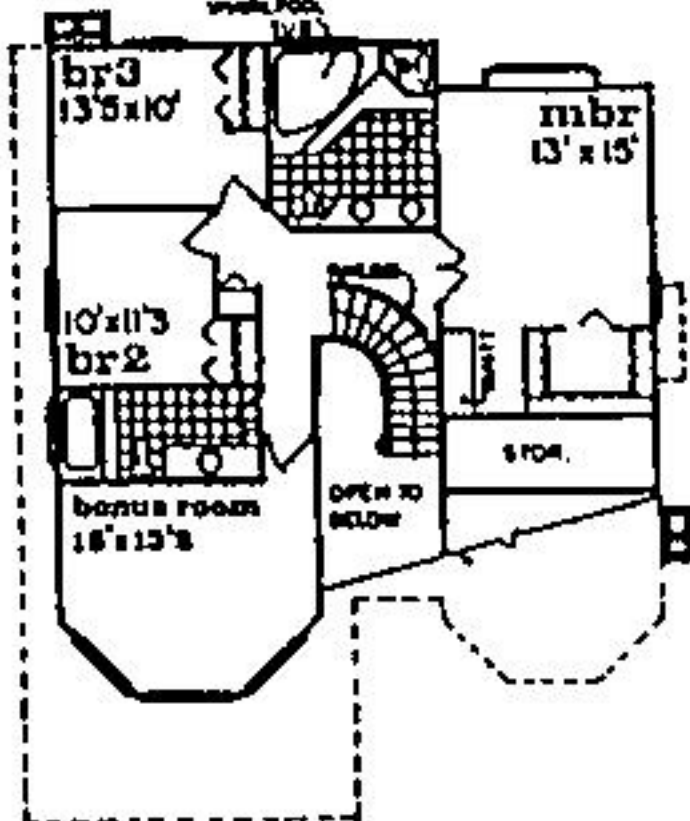

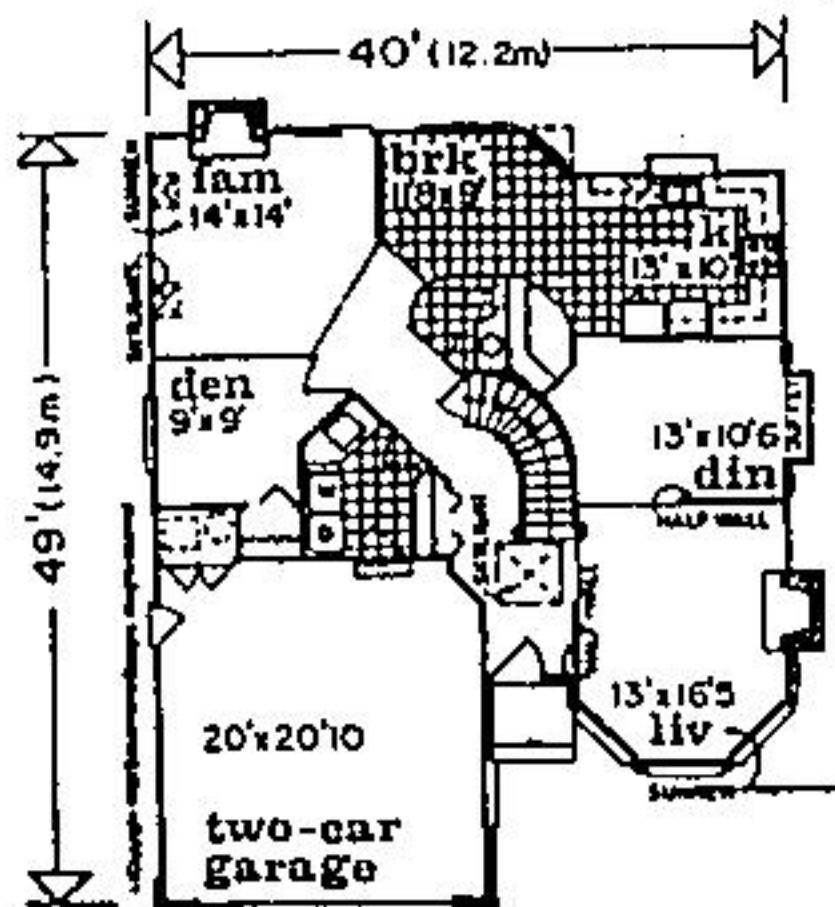

### CAROUSEL BAYS ADORN FAMILY HOME

Traditional home, with three bedrooms, bonus room and den, can easily accommodate a growing family. The entry opens to a lavish skylit foyer with sweeping curved staircase. Off the foyer is a sunken living room which rests in a large windowed bay. Half walls separate the foyer and dining room from the living room giving this area the impression of being much larger. The kitchen is a gourmet's delight with large walk-in pantry, skylight, ample counter space and adjoining breakfast room. This area overlooks the sunken family room and creates a large informal space. Two skylights, fireplace and sliding glass doors to rear patio are among the features of the family room. A den, positioned away from the noisy traffic area, is ideal for an office, extra bedroom or guest room.

Upstairs, the railed staircase and gallery views the foyer and living room below. The master bedroom, features a walk-in closet and vanity. The luxurious ensuite boasts twin vanities, shower and oversized spa. The two additional bedrooms share a main bathroom with soaking tub. Future expansion can easily be accommodated in the 212 square foot bonus room. The expansive bay window makes this room suitable for a studio, exercise room, sewing room or nursery.

The finished floor area is 2,165 square feet.
