Acton co-op a step closer

An Acton co-operative housing development has moved one step closer to becoming a reality.

The Region's planning and public works committee recommended Wednesday the holding provision on the Cobblehill cooperative proposal be lifted so construction on the 36 affordable housing units could begin before the end of the year. The development is to be located at the end of Cook Street.

The recommendation will go before Regional council this Wednesday.

The development has received all other necessary approvals, including that of the Town of Halton Hills.

As part of the committee's recommendation, Cobblehill

development must pay up to a maximum \$6,000 per unit in extra lot levies for work needed to improve the Prospect Park Well and Acton Water System.

The province has ruled development in Acton can only go ahead when these repairs are done, according to a Regional staff report.

Some committee members questioned if the proponents of the development could afford the \$6,000 per unit. But Regional Chairman Peter Pomeroy told committee members the province will cover the added expense since the development is a non-profit affordable housing project. "And if you can't trust the province who can you trust," he said.

Christmas carol sing-a-long

Region schedules public meetings

Halton Region will be holding two public information meetings this Wednesday in Milton to explain the progress of the Region's landfill site which is scheduled to open in late 1991 at Britannia Road at Highway 25.

The purpose of the meetings is to inform the public about the process Halton is following to obtain final design and construction approvals for the landfill. As well, those who attend the meeting will learn the most up-to-date information concerning the site's progress.

The meetings will be held at the boyne Community Centre on Britannia Road in Milton. The first meeting runs from 3 p.m. to 5 p.m. while the second will be from 7 p.m. to 9 p.m.

Chamber hosts Mayor's luncheon

The Halton Hills Chamber of Commerce is pleased to be able to host the Fourth Annual Mayor's Christmas Luncheon Dec. 12.

Since its inception, this luncheon has been an overwhelming success enabling the mayor to discuss with the business community the town's ac-

complishments and future plans. This coming year will be a difficult one for the Town of Halton Hills due to budget restraints and many special interest groups opposing developments in the town.

The Chamber is very pleased to also have former mayor Steamer Emmerson as master of ceremonies for this event. Steamer is a well known local

personality and now is a newspaper columnist as well, with the Halton Hills Herald.

Join Mayor Miller and your fellow business people for lunch Dec. 12 at the North Halton Golf Club at 11:45 a.m. Tickets must be purchased in advance by calling the Chamber office at 877-7119. Tickets are \$15 for members, \$20 for non-members.

Christmas Special!

"I knew from my first visit to Nutri/System that the program would be effective. Everything about it made sense—great food, caring people I could lean on, light activity, even a maintenance program. They had everything I needed to lose weight and keep it off. Now, I feel younger than I have in years. If ever there was a sure thing, it was Nutri/System."
