Fully diluted net earnings per common share of \$1.39 in the first nine months of 1990 decreased seven per cent from \$1.49 in the same period of 1989.

Assets under administration increased to \$83.4 billion from \$71.9 billion at September 30, 1989. Corporate assets increased from \$32.0 billion one year earlier to \$34.4 billion, up seven per cent.

In releasing results, Peter Maurice, President and Chief Executive Officer, stated, "Stiff competition for retail deposits

and loans, and deteriorating economic conditions will result in annual earnings down moderately, compared with 1989." Mr. Maurice also commented, "The company has long been considered to be a conservative lender and will weather the current economic downturn without severe impact."
