This unique four bedroom home may be finished in attractive California stucco or horizontal siding with brick detailing. The arched portico entry opens to a vaulted foyer brightly lit by a second storey window and skylight. The foyer, open to the living and dining room, is visually separated by decorative columns and a plant ledge. The living room's floor to ceiling window wall accentuates the vaulted ceiling. Double French doors off the dining room open on to an expansive deck, encouraging outdoor entertaining. The gourmet kitchen featuring an angled sink under corner windows, walk-in pantry, built-in desk and eating bar, adjoins the breakfast room and family room. A den, two-piece powder room and laundry room with sewing counter completes the first level. Upstairs the lavish master bedroom boasts a luxurious ensuite with his and hers walk-in closets, whirlpool spa, twin vanity and shower. The two additional bedrooms, one with a vaulted ceiling, share a main bathroom with double vanity. Send for Canada's largest plan book with over 500 home plans.
