DISTINCTIVE DESIGN OFFERS TWO EXTERIOR FINISHES

Plans include all exteriors shown

Arched entry and multipaned windows grace this four bedroom 2,464 square foot home. This design may be finished in horizontal siding with brick detailing or brick with Tudor accents. A gracious formal living and dining room flank the dramatic two storey foyer. The curved open staircase winds to a railed gallery which views the foyer below. The efficient kitchen with bright corner windows and spacious centre cooking island has a sunny breakfast room. Wide sliding glass doors from the breakfast room access the garden patio. The large adjoining family room is warmed by a masonry fireplace. The convenient main floor laundry room with connecting powder room, provides a direct route from the two car garage to the kitchen.

The master bedroom features a lavish ensuite with walk-in closet, his and hers vanity and whirlpool spa. The three additional bedrooms share a three piece main bathroom. Potential for future expansion is easily accommodated in the 252 square foot bonus room which may be utilized as an additional bedroom or games room.
