DID YOU KNOW?

Canada's merchant marines, in 1884 took part for the first time in a war overseas. Four hundred volunteers skilled in river navigation served with distinction in the Nile Expedition. Sixteen of these gave their lives. There is a book honoring those Canadian civilians and the title page is dedicated to the "Nile Boatmen".

SICK CHAIRMANS REPORT

For the benefit of any members unable to attend the General Meeting on Thursday the 28th, my report concerned visits with Percy Marham, Mary Farrell at Georgetown Hospital. Percy was on the mend, although in slight discomfort, expecting to be released to home care shortly. Mary was slated to go to the Credit Valley Hospital for further therapy, she has movement in her leg, but her left arm is not as good, we wish her a quick recovery. Buster is home once more, and I understand visited with Marge, who is still a patient, he talked to Percy and said he was feeling pretty good.

Harry Allens faculties seem to be improving, Jeanette said that he can make himself understood, and he can swear, a good sign, although his right hand side is still paralyzed. Visits are still restricted to family members only. I did give Jeanette a card from all the membership wishing him well.

Frank Nicholson was telling me that he still has some pain, progress to full recovery is not quite what he would wish. He was in town doing his banking the other day, but did not feel quite up to a branch visit, we wish you well Frank.

Support appreciated

Dear Members of Lt Col Cousens Branch

Thank you very much for the thoughtfulness in making a special card which displays genuine support for the men and women serving in the Persian Gulf. We received it on 7th of February and forwarded it to the Canadian Headquarters Unit in the Persian Gulf the following morning. I'm positive that Commodore Summers will ensure that many sailors will be given an opportunity to read and enjoy the card from the Lt Col Cousens Branch.

Letters and cards are extremely important to sailors at sea as they are our only real contact

with loved ones and friends at home in Canada. I'm sure that your card has mad lots of friends in the Persian Gulf and that your messages of encouragement and good wishes have resulted in many happy faces.

I know there were lots of warm smiles at the Military Family Support Centre when your card arrived and we would like to thank you for your thoughtfulness and wish all the members of Lt Col Cousens Branch the very best.

Yours truly
T.J. Willdey

GREY WATER DISPOSAL FROM PLEASURE BOATS

Environmental Protection Act
Regulation Amendment

INVITATION FOR PUBLIC COMMENT

The Ministry of the Environment invites public comment on amendments to regulations 305 and 310 under the Environmental Protection Act. The changes will make it illegal to discharge grey water waste from shower and sink facilities on pleasure boats into Ontario's lakes and rivers.

The amendments, designed to reduce water pollution, will affect new and existing boats. Adjustments will have to be made to store grey water in holding tanks, and discharge it at pump-out stations.

An information package has been prepared, explaining the changes in more detail including the rationale and implications for pleasure boaters. The package is available from the Public Information Centre (416) 323-4321.

Please send comments in writing by April 30, 1991 to:
