Citizen of the Year

In 1973 the Georgetown Lions Club decided that recognition should be given to a citizen who has served his or her community in an outstanding way.

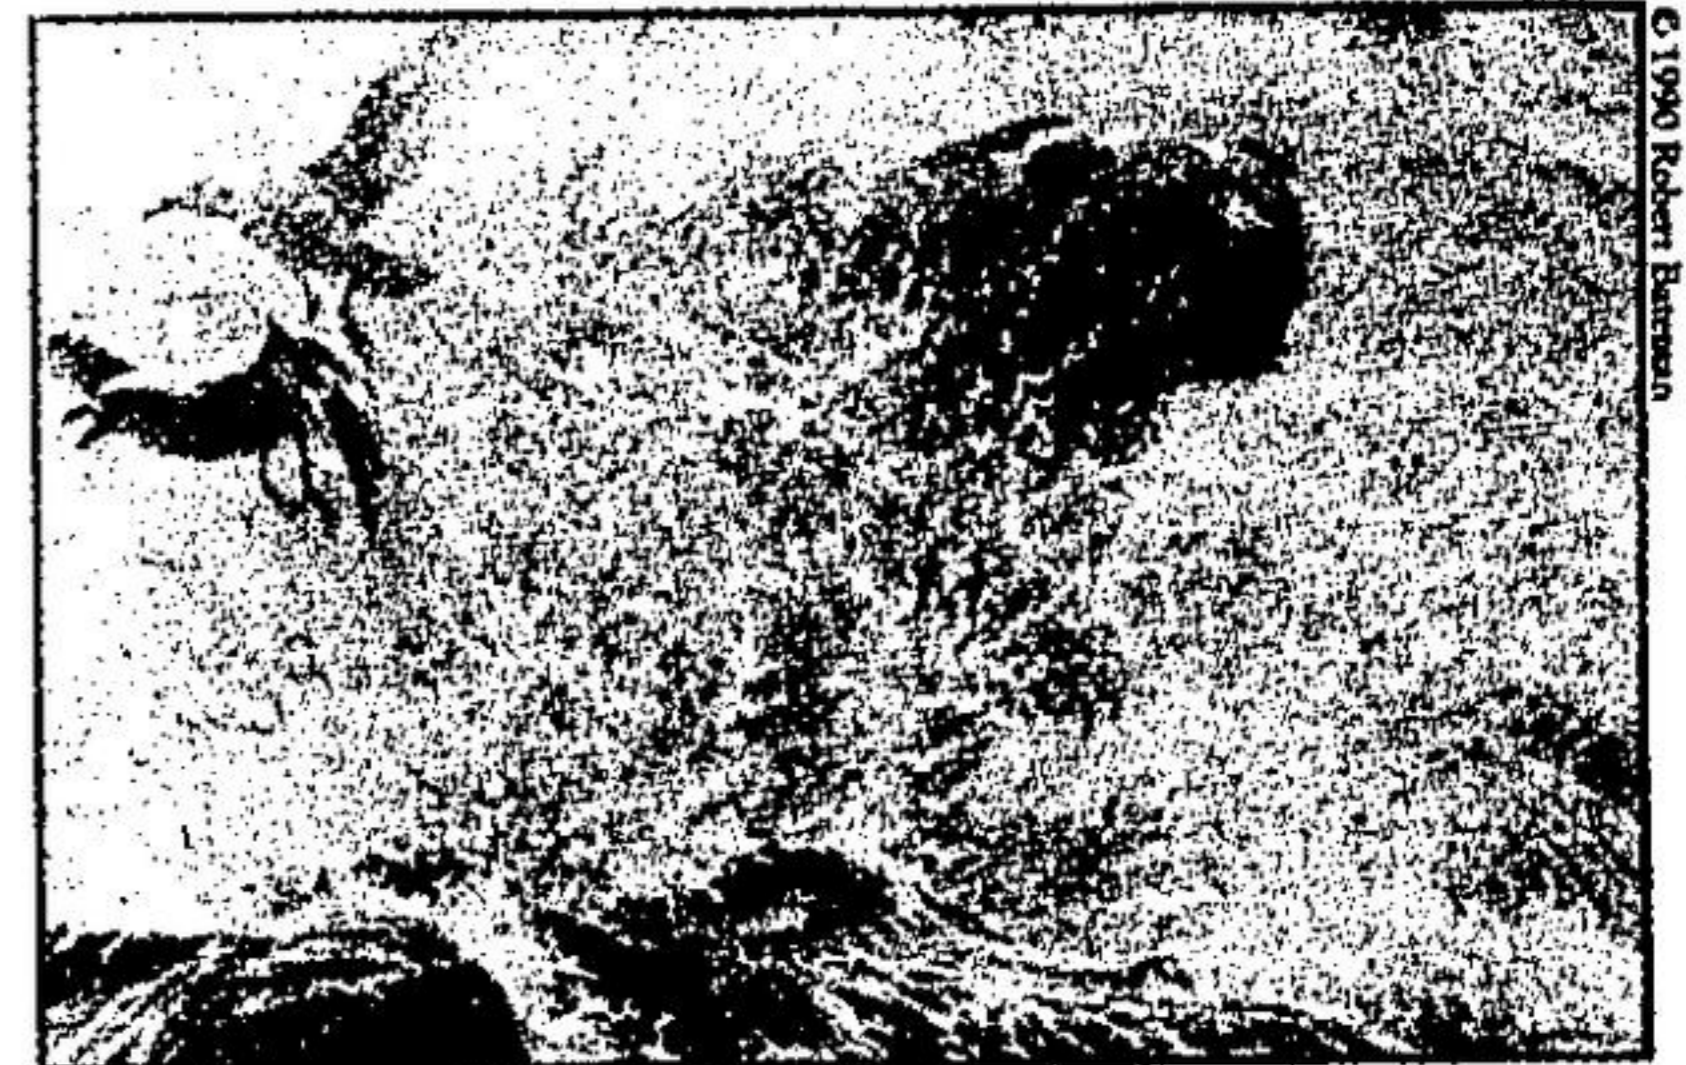

A committee was formed and charged with organization of the Award Night and the selection of the recipient.

The basis of the selection was to be on the record of the recipient's achievements in the recent past, or over a period of years, during which an outstanding contribution was made towards the community by this citizen.
