

## Space is available for Lifestyles show

Space is still available at the "Lifestyles of Halton Hills," Community Open House, April 6th at Georgetown District High School. This is definitely the place to promote your group and even sign up new members. In past years this event has drawn hundreds of people to see all the groups, displays, demonstrations and entertainment. With all the new families moving into town this is the perfect forum to show how your groups activities maybe of interest to them. Call 873-2600 to register or pick up a form at any town facility.

### Parenting Tips

## Georgetown Parent-Child Centre

By VALERIE CUNNINGHAM, R.N.

Your doctor told you that your baby has an ear infection. (That was the reason for the fever the last time). You have a prescription for an antibiotic for the infection; ... but what about the fever? Should you:

- a) wrap the baby in lots of blankets?
- b) skip the prescription medicine and just give baby acetaminophen or A.S.A.?
- c) give the baby the prescription and the baby acetaminophen or A.S.A.?
- d) give the baby a lukewarm bath?

Well, dear parent, "a" is very wrong. If baby has a fever remove blankets. Dress in light clothing. "b" is also wrong. It is very important to give antibiotics as prescribed and until finished, even if baby seems better. "c" is a good answer. Give the acetaminophen carefully in the recommended dosage and in the recommended interval. You should probably check this out with your physician if baby is under two years of age. "d" is also a good answer. Besides the fever reducing medicine and a

tepid bath, it is also a good idea to offer baby some extra fluids to drink. Try water, diluted apple juice, flat gingerale, jello, weak soup or popsicles.

Valerie Cunningham, a paediatric nurse in independent practice, offers a variety of parenting courses and private consultations. She may be reached at 877-6398. During April and May she will lead two parenting courses for the Georgetown Parent-Child Centre. Call the Centre at 873-2960 for more information.

## Support Red Cross

March is Red Cross Month and it is a time for residents of Georgetown to stop and think what their town would be like without the services of the Red Cross.

For example, last year there were seven blood donor clinics in Georgetown and 1591 donations of blood collected. The Volunteer Transportation Services provided 171 round trips to medical appointments for people unable to drive and access public transportation: the volunteers drove a total of 15,630 kilometres.

There were 195 Sickroom Equipment loans to the people of Georgetown and District and 54 persons trained in First Aid. The Red Cross responded to 12 individual Emergency Aid cases.

Red Cross is active here in the local community as well as in the International scene in times of natural disasters or armed conflicts. For more information about the Red Cross, Georgetown and area residents can call 877-5232.

## Lupus Society meets

The Lupus Society of Hamilton will hold its regular monthly meeting on Sunday, March 10, 1991 at 2:00 p.m. at All Saints Church Parish Hall, at the corner of King and Queen Streets in Hamilton.

Guest speaker is Moira Dawes from Dormar Cosmetics, speaking on the use of cosmetics and how to camouflage with make-up.

For further information you may call one of the following numbers: 527-2252, 388-3925 or 389-4544. For Dunnville area residents call 765-6769.

Refreshments will be served and everyone is welcome to attend.
