Sick Chairman's report: Spoke to Harry Bottoms today, Sunday, and he is still in for a few more days, more X-rays to take. I really think he figured the menu for the weekend would include Roast Beef and Yorkshire Pud? Well, one can always hope. Keep a stiff upper lip Harry.

Percy Markham was right on with his prediction that he would be going home this past week, he is now at home recovering. We wish you well Percy.

Jeanette Allen informed me that on her visit to Harry this Sunday that he was sitting up in a wheelchair, for 2 hrs. daily, and that although he cannot speak as yet, he understands what is going on around him, and that he can demonstrate for his visitors what he has to do in therapy. He can move his legs, but his right arm is a little slower recovering. Jeanette said it was a very happy day for her today, noting how much improvement there was. Keep it up Harry, our thoughts are with you.

Sick Chairman
Charles Tutty.
