## Pleasant surprise

By BETTY SOJKA

What a pleasant surprise organizers of last Thursday night's Euchre had. Nearly double the amount of people showed up than what was originally expected. Players ranged in all ages, from teens to seniors. Despite a late start to the evening, 14 games of 12 minutes were played. From the happy expressions on everyone's face it was easy to see that everyone was having a great time playing Progressive Euchre. It was a great way to meet new people or to visit your neighbours after the long winter. With every game played a little visit was had.

### Ballinafad News

Prizes were given out to the top players in male and female divisions. Muriel Smith followed by I. Watson were the top female players while John Dewar had a high score of 130 to make him the highest male player. Dave Williamson came in 2nd in the men's division. Coffee, tea and doughnuts were enjoyed at the end of the evening.

After this terrific response, it was decided to hold another Euchre on Thursday, April 18th starting sharp this time at 7:30 p.m.

Watch for the Ballinafad monthly newsletter that was mailed out this week, as it provides information on the upcoming 25th Anniversary for Hank and Marlene Burnett. Anyone interested in receiving a copy, can pick one up at the Ballinafad General Store, or be put on the mailing list by calling Betty Sojka at 853-3691. Any input and opinions would also be welcomed.

This week the only group meeting will be the 4-H.

There was a flurry of hands at the United Church last week. The U.C.W. in lieu of their regular monthly meeting, held their annual Tie Quilting Bee. Members were joined by other interested ladies to make a total of 16. From 9:30 in the morning until about 2:30 p.m., the ladies worked completing 20 quilts.

These quilts were of a variety of sizes, and included a few patch work quilts. The ladies enjoyed a wonderful potluck luncheon. Although working many hours, it was nice to exchange information, discuss techniques and visit.

## Lottery profits help hospitals.

On the night of the car accident, Bruce was not expected to live. Fortunately, a specially equipped and staffed trauma unit was ready and standing by at a nearby hospital. This special facility helped Bruce beat the odds and he has returned to work.

Helping hospitals is just one way lottery profits are used.

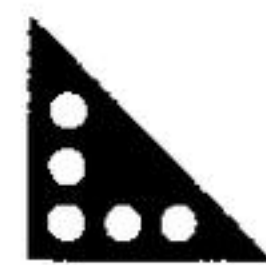

Lottery profits are also used to provide grants in other areas such as helping people with disabilities.

They also help fund sports and recreation, arts and culture, and province-wide charities.

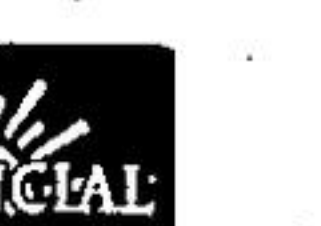

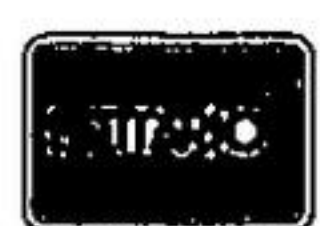

This is how Lottery funds are working for you in your area.
