Sick Chairmans Report

Visited with Mary Farrell and Gear Hayes this past week. Gear has since been released to home care, Mary's progress is not quite as expeditious as she herself would wish, just keep up the hard work Mary. We wish them both well.

Spoke to Jeanette Allen, she informed me that Harry has improved considerably, and the nurses are encouraged enough to forecast possible weekend leaves in the near future, this is good news indeed. As he can now have visitors, I hope to visit him on Monday, at a time which will not interfere with his therapy. This is what Credit Valley has requested.

Jean Roshier informed me Sunday evening, that Red is recovering as well as can be expected considering the type of operation. He can now receive visitors, I hope to see him this week. Will keep you posted on all of the above member.

Charles Tutty.
