How To Write A Good Classified Ad

- 1 Start your ad with the merchandise you are selling. This makes it easier for the reader to locate your advertisement.
- 2 Always include the price of the item you are selling. Many readers of the Classifieds will not respond to an ad which does not include a price.
- 3 Place yourself in the readers position. Ask what you would like to know about the merchandise you are selling. Include information such as brand name, colours and other specific descriptions in your ad and you will receive a quicker response from the reader.

NOTICE

The Herald will not be responsible for more than one insertion of a classified ad containing an error. The advertiser agrees that the publisher shall not be liable for damages arising out of errors in advertisements beyond the amount paid for the space actually occupied by that portion of the advertisement in which the error occurred, whether such error is due to the negligence of its employees or otherwise and there shall be no liability for non-insertion of any advertisement beyond the limit paid for such advertisement. The publisher reserves the right to edit, revise, classify or reject any advertisement.
