

Obituary

Gordon Shirreffs

Gordon Shirreffs. A wonderful son, brother and friend, died tragically at the age of nineteen.

To many of Gordon's peers, he will be remembered as someone who knew how to get the most out of life. Gord knew how to have fun and he always tried to make sure that the people around him had fun as well.

To Gordon's close friends he will be remembered as a great and true friend who was always there when they needed him.

"My life has been greatly enriched by having known him. I'll always have a place in my heart for him. He will never be replaced," said one of Gord's close friends Jason. This is also how many of Gord's other friends felt. He would have given you the shirt off his back if he thought you needed it.

Gordon was also a dedicated member of the Lorne Scots and he considered pursuing a career in the military.

Gordon considered his family to be a very important aspect of his life. The loving relationships he shared with his mother Thelma, father Gary and brother David, allowed him to carry out many other successful and loving relationships.

"Gordon was a loving person who wasn't afraid to express himself," said his girlfriend Jennifer.

Gordon Shirreffs has left us all with good memories. And he taught us all something so important - how to seize and cherish each moment of life.

Even though he is no longer with us, he will go on living inside the minds and hearts of the people who loved him.

Written by: Gordon's Friends.

I watch the sunset
And hold back the tears
I remember when we met
And the memories over the years

Time will help heal
And we'll all do fine
but it won't change the way we feel
You were one of a kind.

Words can never mend
There'll never be another
You were my friend
But you felt like a Brother.

David Presswood
Steven Veltman

Consumer warning

The Canadian Standards Association and Ontario Hydro are advising consumers to immediately stop using sandwich makers that do not bear the CSA Certification Mark.

Canadian Standards Association, at the request of Ontario Hydro and as a result of the number of field failures being reported, has conducted testing on uncertified sandwich makers. Our testing has confirmed that many uncertified sandwich makers are both a fire and a shock hazard.

Our advice is, if you intend to buy a sandwich maker, check for the CSA Certification Mark. When ordering by telephone or mail, specify that the product must be CSA Certified. If it doesn't have the Certification Mark, send it back to the dealer.

Various brands of these sandwich makers are being advertised by mail order distributors in television commercials, flyers and newspaper ads.

Did You Know...

Mother Geraniums: commonly referred to as stock plants, these large sized geraniums can be genuinely called mothers, since all of the smaller geraniums sold are started from cuttings taken from these "Mother Geraniums". Since cuttings have been continuously taken from the mother geranium plant, the stocks are strong and sturdy, the body of the plant very dense and the flowers tall and abundant. RICK PECMAN, O.G.S. GARDEN GALLERY, BROOKLIN, ONTARIO
