IDEAL STARTER OR RETIREMENT HOME

Handsome one level, two or three bedroom design is highlighted by sweeping hip roof. This contemporary design includes three distinctive elevations. The exterior of the home may be finished in brick or horizontal siding with a bay window, circle top window or carousel window. The main foyer spills to a living and dining room which is enhanced by a carousel sitting bay, warming fireplace, and picture window viewing the covered patio. The efficient kitchen, equipped with an eating bar, extends to the breakfast room which is brightened by a windowed bay and opens to the patio.

The master bedroom features a dressing room with adjoining walk-in closet and ensuite with shower. The two additional bedrooms, one which may double as a den, share a main bathroom with tub.

The home's finished floor area is 1,337 square feet. Plans offer a choice of foundations, including a full basement or crawl space.
