Girls' Atom soccer games started with exhibition

Girls soccer games for the summer season were off and running during the week of May 13.

In the Under 10 Atom girls

league, there was an exhibition game on opening day, May 11. The Municipal Trust Purple team tied with the Blue Dutch Nurseries team in a well-matched 0-0 score.

League play is underway at Cedarvale Park with all six teams now having played their first game. The Green team and the Red team battled to a 1-1 tie for their first game, with Leah Crane scoring for the Reds and Janine Taylor for the Greens. Three noteworthy players for the Reds were Allison Barclay, Karen Dillabough and Crystal O'Reilly. The Green team all played well.

The Yellow Milliere TV team won 4-2 over Team Five, who are currently having their sponsor's name put on their shirts. There

was a good turnout of parents to watch some nice long kicks at the ball as the girls remembered some play strategies after the long winter.

The Municipal Trust Purple team saw Alison Hawes getting her first goal of the season while Kathryn Weston and Danielle Weese both shot goals for the Blue Dutch Nurseries team, which won 2-1.

Alana Zelek and Kristana Zelek played well for the Blue team. Play was well balanced over the four quarters, with a final kick on goal in the last few minutes by Purple team Rachel Bryan-Maloney. The ball bounced off the goal posts. Bring mosquito lotion for the second game on Thursday as the mosquitoes get hungrier as play progresses.

Water warning

The sun comes out. The snow turns to slush. The air smells crisply fresh. And thousands of adults suddenly decide to clean out the basement. Spring has surely sprung.

Meanwhile, like the enticingly evil clown in Stephen King's "It", the swollen waters of the nearby creek lure the children down to danger, some to die.

Drowning is only second to motor vehicle accidents as the leading cause of accidental death of Canadians under 55 years of age, according to the Royal Life Saving Society of Canada. In 1989, the latest year for which statistics are available, drowning killed 32 young people who were simply walking or playing near water in Ontario.

"Spring thaw is a dangerous time," says John Blaicher, marketing director of the Ontario branch of the Society. "Melting snow and rain make river water rise and run fast. Cold moving water can be an adventure for children - a potentially fatal attraction, when they slip on a muddy river bank or it gives way under their feet."

"Rescue is almost impossible," he says. "The victim is suddenly swept away like debris in the cold, dirty and dangerous current. A would-be rescuer often becomes a second victim."

Be Water Smart - don't bank on river banks. You might get carried away.

Acton athletes

Leanne Prueter and Don King were chosen as this week's Acton High School athletes for their success in sports recently. Prueter, the Redmen softball team catcher, played solid defence as well as offense, helping her team defeat Pearson 16-14 with a three-run homer on May 13. King was a part of the men's doubles team which made it to the semi-final of the Halton tennis championships on May 14. (Herald photo)
