

**CURWOOD PACKAGING (CANADA) LIMITED**

**HELPING  
CANADIANS  
STAY  
HEALTHY  
FOR  
OVER  
20  
YEARS**

Curwood's specially designed films have been protecting the freshness and integrity of perishable foods like meat, cheese, coffee and snacks for more than twenty years here in Canada. You can trust many brand names because Curwood Packaging is protecting those products.

We can take food freshness for granted, thanks to barrier films and vacuum packaging. These remarkable technologies keep perishable foods fresh and fit for consumption through long distribution chains.

THANK YOU GEORGETOWN FOR 20 YEARS OF GROWTH & SUPPORT

For more information about your health, the environment and packaging - give us a call at 877-5201.
