P.O.W.E.R. meeting

Local Environmental Group Protect Our Water Environmental Resources (POWER), will be hosting a special meeting June 20 at Holy Cross Church Hall in Georgetown on who people should contact about water problems.

There are so many government branches which appear to be responsible for water problems people don't know who to approach, said Ms. Halsall.

To clarify the situation several politicians have been invited to the meeting including Halton Regional Chairman Peter Pomeroy, Town Mayor Russ Miller, North-Halton MPP Noel Duignan, Halton-Peel MP Garth Turner, Ontario Environment Minister Ruth Grier and representatives from several provincial government ministries.

The meeting starts at 8 p.m.

Graduates

Jackie and Eric Ross are proud to announce the graduation of their daughter Debbie and her fiancée Thomas Gross from Waterloo University.

They graduated with a Bachelor of Mathematics from the Honors Co-operative Program.

Both students were graduates of Georgetown District High School.
