

Charity game

A charity baseball game put on by the Brampton Real Estate Board on July 13 is helping out Georgetown's Love In Christ Food Bank and the Peel St. Louise Outreach Centre.

The event will be held at the ball diamonds located at Williams Parkway and Hwy. 410, Brampton. Entry fee is \$5 per participant plus non-perishable food donations. Spectators are welcome to bring food donations as well.

Members of the real estate board, which covers the areas of Brampton, Georgetown, Bolton and Caledon will be taking part in the tournament. Anyone wishing to make a donation or requiring more information contact Kelly Pembleton at (416) 451-1515.

Chamber golf

The Halton Hills Chamber of Commerce is holding its golf day on August 26 at Blue Springs Golf Course in Acton. A fee of \$90 (plus G.S.T.) enables the participant to play 18 holes of golf, use a cart and have dinner.

This year promises to be more challenging for the players, since Blue Springs features a brand new championship course. Tee-off times are from 8:00 a.m. until noon. For more information, call 877-7119.

PLUG IN

IT RAINED TODAY?
JUST THE EXCUSE YOU NEED
NOT TO MOW THE LAWN.

Electrical equipment such as lawnmowers, hedge-trimmers, edgers, and whippers should only be used when lawns and shrubs are dry. Water conducts electricity and can magnify the effect of any

accident or problem with your equipment. And no matter what the weather, it pays to check your tools periodically to ensure that they're in good condition. If you're using extension cords, use only heavy-duty 3-prong cords. And of course, all of your equipment including extension cords, should be CSA approved. Sure we want you to keep your lawns and gardens neat. But if it's wet outside, take the day off.

ENERGY HINTS

Taking Care Of The Cold Ones

Vacuum your Refrigerator!
Vacuum the condenser coils at the back every six months. Dust and dirt on the coils make the appliance work harder and use more electricity.

Check The Temperature
The best temperature for the fresh food compartment of your refrigerator is 3 degrees C (37 degrees F - 42 degrees F). Both your freezer compartment of your refrigerator and your freezer should be kept at -18 degrees C (0 degrees F).

Location, Location!
Your Freezer
Keep your freezer in a dry, heated and insulated area. If it's kept in an area where temperatures fluctuate, it could damage the compressor.

For more free energy tips on heating, cooling, appliances, lighting and much, much more, just drop by our office today. Ask for your FREE Energy Tip Package!
