

# Fall Fair Contest

Dear Parents: Are your children driving you up the wall because they have nothing to do this summer? Are they constantly shooting your ideas down because they are too boring, or are you shooting their ideas down because they are too expensive? Now both parties can be satisfied. The Georgetown Fall Fair and the Acton Fall Fair, both this September, will be holding a junior category for most of their contests, like crafts, sewing, art, baking, and flower

arranging. While the Fall Fair is still a little ways off, you can keep your children busy and content by having them create something for one or more of these contests. Below is a list of the various contests, run by the Georgetown Fall Fair. Look in next Friday's Herald for contests put on by the Acton Fall Fair. For more information call Marion Jonassen in Georgetown at 877-8217 or Marilyn Patterson at 853-3587.

## JUNIOR EXHIBIT

CLASS 29

Convenor: Marion Jonassen, 877-8217

**Regulations:** Open to exhibitors 12-17 years of age. To be eligible for judging, the entrant's age must be identified on entry ticket by either "A" (12 to 14 years) or "B" (15 to 17 years), as the two age groups will be judged separately. All work must be done since 1990 Fair. Exhibitor may enter any one or more of the sections listed below. Only one entry in each section. Baking entries to be placed on paper plates and in plastic bags.

# What is your vacation fantasy

Sarah Osborne, Georgetown: "I would like to go to Hawaii because I like to see the Hawaiian girls dancing."

Scott Herbert, Georgetown: "Texas is where I'd want to go because that's where I'm from and where my relatives live. I haven't seen them in four years."

Darryl Ashby, Glen Williams: "I'd go to Australia because its nice there and I could go scuba diving."

## DID YOU KNOW?

by AL 443

THE GORILLA IS A SHY ANIMAL THAT ONLY BECOMES FEROCIOUS IN DEFENCE OF ITSELF OR ITS FAMILY. IT IS NOW AN ENDANGERED SPECIES DUE PARTLY TO HUNTING BUT MAINLY BECAUSE OF THE DESTRUCTION OF ITS HABITAT.

IN 1980 A SAN FRANCISCO COMPANY HAD A GUITAR MADE THAT MEASURED TEN FEET ONE INCH IN LENGTH MAKING IT THE LARGEST GUITAR IN THE WORLD.

AT MOUNT RUSHMORE, IN SOUTH DAKOTA THE HEADS OF FOUR FAMOUS U.S. PRESIDENTS ARE CARVED INTO THE HILLSIDE. THEY ARE 60 FEET HIGH AND NEEDED 14 YEARS WORK BY THE SCULPTOR WHO DIED JUST BEFORE FINISHING THEM.

## How can you move while you're standing still?

Even though you might think you are standing perfectly still, you are actually moving in five different directions, all at the same time. Here are the explanations:

**First:** The earth is continuously rotating on its axis, which gives us day and night.

**Second:** The earth is continuously orbiting the sun, travelling 600 million miles a year at a rate of 1,000 miles a minute. This gives us our seasons.

**Third:** Our whole solar system, the sun and all nine planets, is continuously revolving around our galaxy, the Milky Way, at a speed of 180 miles per second.

**Fourth:** The Milky Way itself is continuously moving at about 1,350,000 miles per hour around a cluster of galaxies.

**Fifth:** Some astronomers believe that there is a center to the universe and that the cluster of galaxies containing the Milky Way is continuously moving away from that center.

So even though you may think and feel as if you're standing still, you can see that this isn't so!

## CARRIER OF THE WEEK BOYS-GIRLS

Nick, 12, is a Grade 6 student at Centennial Middle School in Georgetown.

He delivers 75 papers on Wednesdays and Fridays.

Nick diligently saves all his earnings but plans to spend some money this summer when he and his family travel to England.

Collecting baseball cards, hockey cards and comic books are favorite pastimes of Nicks.

For being chosen carrier of the week, Nick will receive a large pizza, courtesy of Pizza Hut in Georgetown.
