**HELP WANTED**

**canplas INDUSTRIES LTD.**  
 Canplas Industries Ltd., a leading manufacturer of quality plastic fittings for the construction industry, is looking for a dynamic individual to fill each of the following positions:

**RESEARCH AND DEVELOPMENT PROJECT ENGINEER/TECHNICIAN**  
 The successful applicant must have a minimum:  
 - five years experience in Special Purpose Machine and Automation System Design  
 - five years experience in identifying and resolving problems in a production environment  
 - two years experience in Injection Mold design, drafting and machine shop experience  
 The incumbent must have a willingness to be involved in "hands on" projects and be able to plan, monitor and drive a project from concept to the finished production design. This would involve such duties as locating a source for components, working with outside machine shops, hand building and testing of prototypes, and steering design through the CSA/UI type inspection process.

**MOLD DESIGNER**  
 An experienced Mold Designer is required and the successful candidate must possess:  
 - minimum five years experience in the design of high production plastic injection molds  
 - CAD design experience  
 - good interpersonal skills and be an enthusiastic self-starter  
 The person selected will be a vital member of a team, working under limited supervision, where emphasis is on support to an in-house Mold Shop and production departments.  
 Excellent salary and benefits are provided. If you possess the above qualifications and thrive in a fast-paced, challenging environment, submit your detailed resume in confidence to:
