Conservation camp

Nearly 200 hectares of forests, wetlands, fields and river valleys make the Kortright Centre for Conservation the natural site for day-camp fun that challenges inquisitive minds.

During six one-week camps, offered from July 8 through August 16, Kortright Nature Day Camp's adult naturalists lead children 6-13 years old on hikes, hands-on activities, games and crafts. All activities are aimed at revealing the richness of the environment.

Topics range from insects to

weather, from solar energy to environmental issues. Acting on the "think globally, act locally" philosophy, campers will recycle, reuse and compost on a daily basis.

So that campers can come for two consecutive weeks, without doing the same program twice, different one-week programs will be alternated. The camp hours are 9 a.m. to 3:30 p.m. daily, including holidays.

For registration, call (416) 661-6600, ext. 256.
