AD COPY

How To Write A Good Classified Ad:

1. Start your ad with the merchandise you are selling. This makes it easier for the reader to locate your advertisement.
2. Always include the price of the item you are selling. Many readers of the Classifieds will not respond to an ad which does not include a price.
3. Place yourself in the readers position. Ask what you would like to know about the merchandise you are selling. Include information such as brand name, colors and other specific descriptions in your ad and you will receive a quicker response from the reader.

This is what loud noise does to
