COSY FIREPLACE WARMS COUNTRY KITCHEN

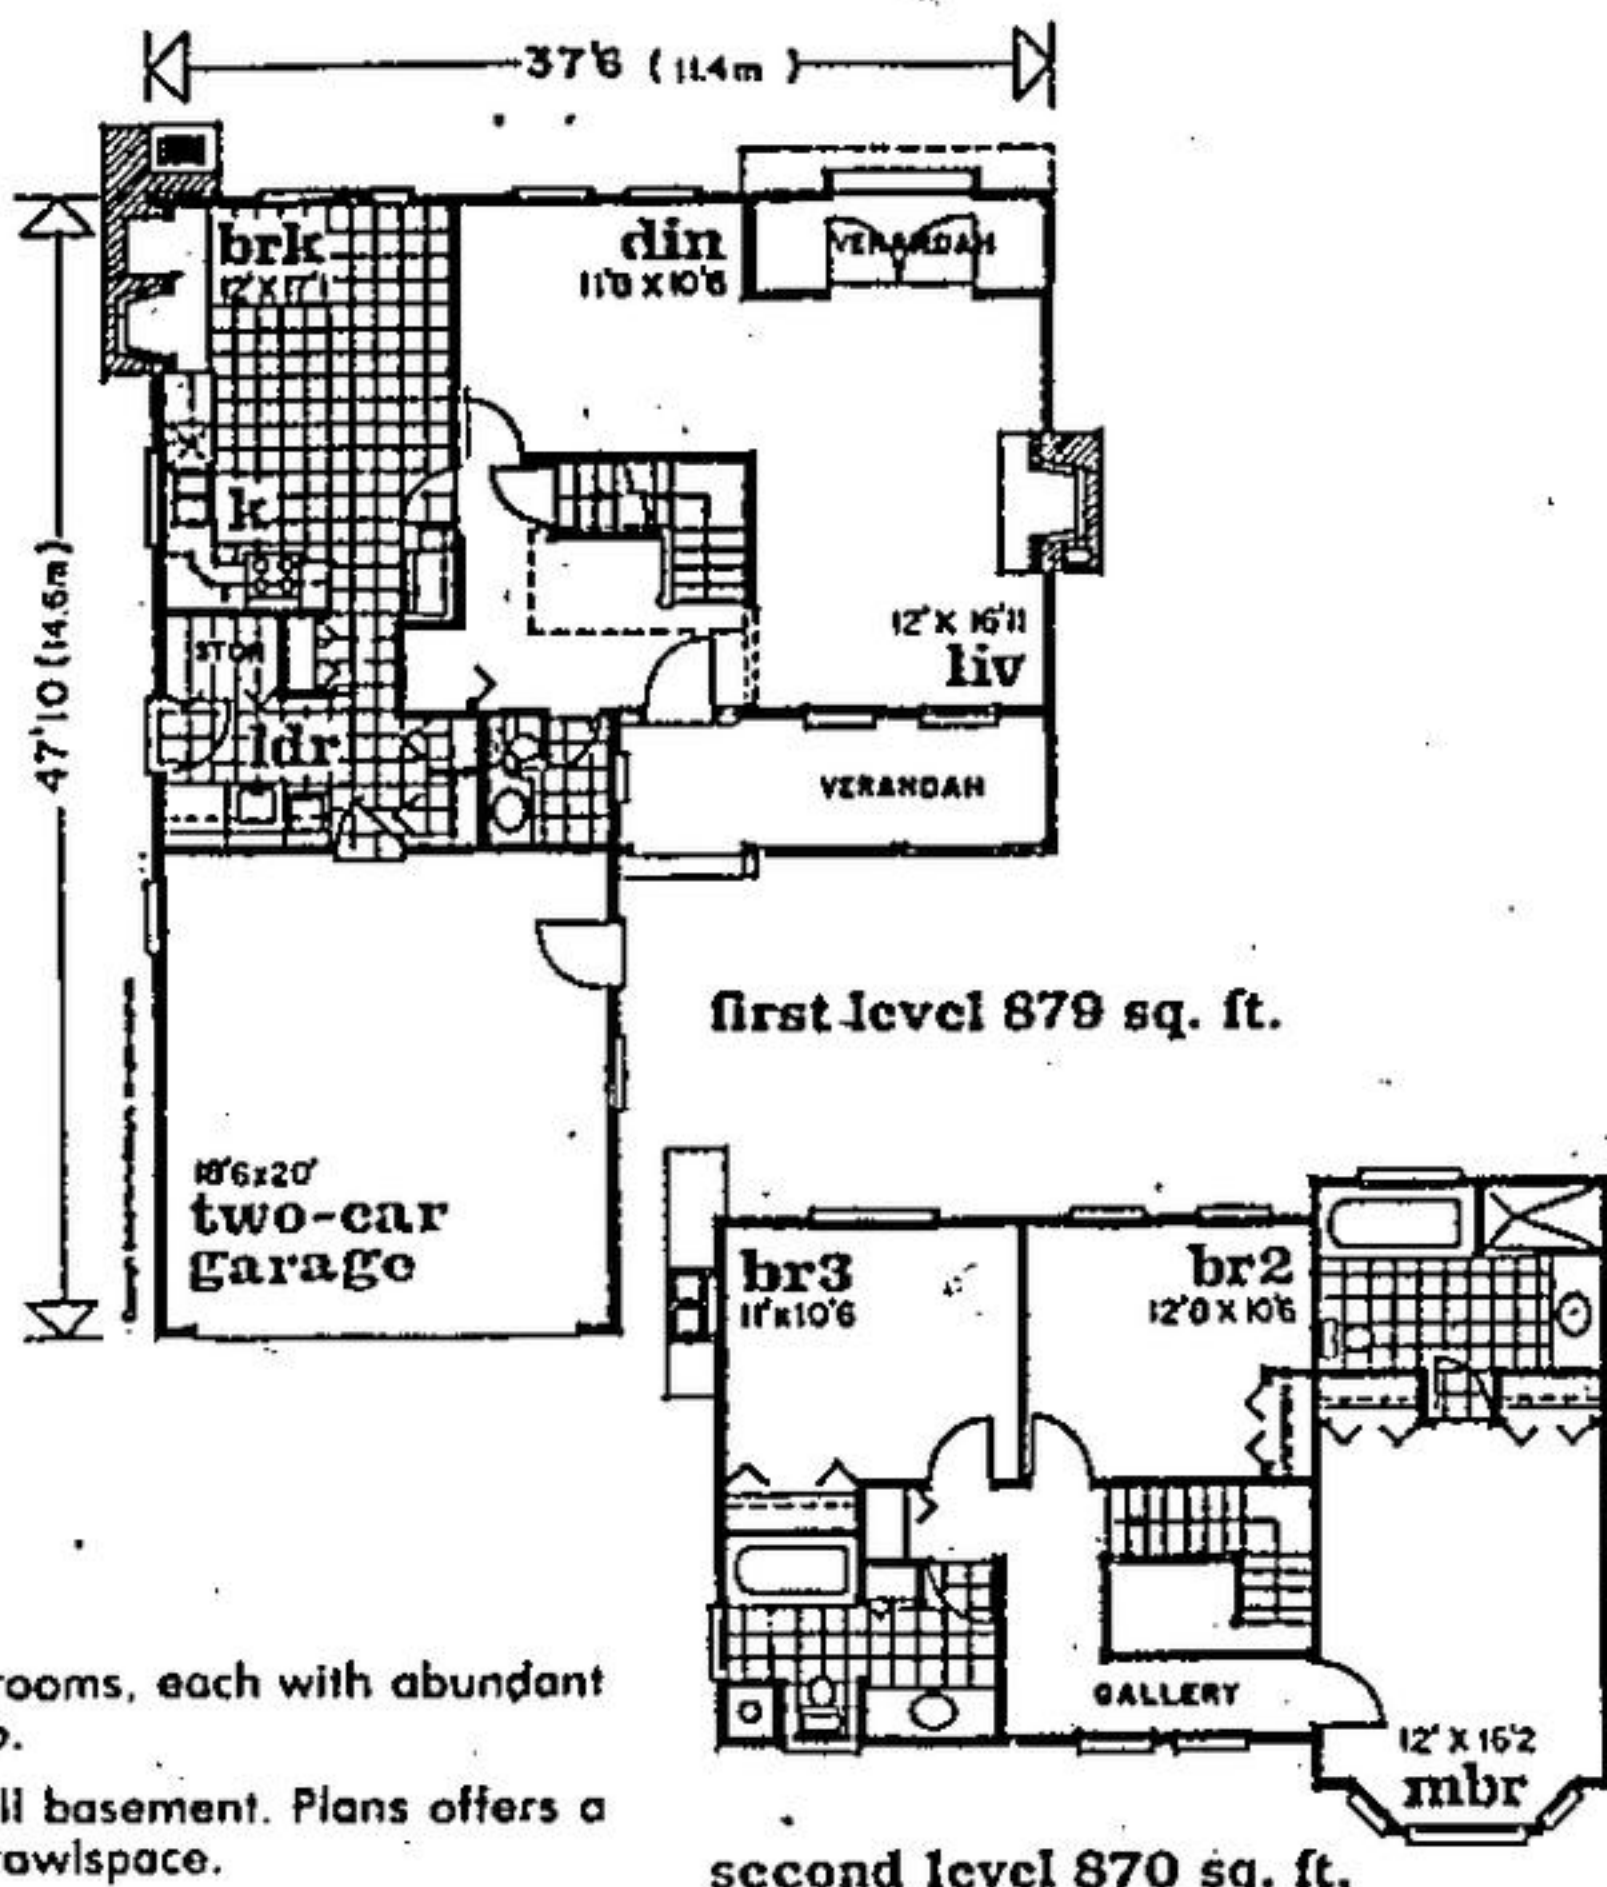

A covered, railed verandah, multipaned windows and dormer provide nostalgic charm for this three bedroom design. The carefully designed layout provides luxurious yet functional features within its 1,749 square feet.

Located off the two storey foyer are the large living room and dining rooms with masonry fireplace and access to a rear covered verandah. Elegant French doors open to the verandah which invites quiet outdoor relaxation. The informal area of the home revolves around a huge country kitchen, efficiently designed with a handy pantry, roomy counters and large hearth fireplace with woodbin. This area offers abundant space for cosy family gatherings. A sliding glass walk-through opens to a rear deck, with built-in barbecue.

The winding stairway leads to a gallery overlooking the foyer. The master bedroom features a windowed bay, his and her wall closets and luxurious ensuite with corner positioned whirlpool spa and shower. The two additional bedrooms, each with abundant closet storage, share a large main bathroom with tub.

Future expansion is easily accommodated in the full basement. Plans offers a choice of foundations, including a full basement or crawlspace.
