VERANDAH SURROUNDS AN OCTAGONAL LIVING ROOM

Wraparound verandah, decorative wood detailing and distinctive turret roof adorn this graceful three bedroom design. An archway introduces the octagonal living room and adjoining dining room. Windows surround the living room on four sides and a masonry fireplace on the fifth wall. A wide sliding glass door from the dining room opens to the verandah. The country kitchen offers an angled sink under the corner windows, sunlit breakfast bay and connecting family room. A handy main floor laundry room, which connects the two car garage to the main foyer, and powder room completes this level.

Upstairs, the master bedroom boasts a cosy sitting bay, walk-in closet and sumptuous ensuite with twin vanity, whirlpool spa and shower. The third bedroom, nestled in a large windowed bay, provides excellent exposure and can easily double as a studio.

The finished floor area of this unique home is 1,999 square feet. Plans include a choice of foundations including a full basement or crawl space.

Send for Canada's largest plan book with over 500 home plans, including a wide variety of architectural styles, from luxurious brick manors to affordable bungalows, only \$8.95 including shipping and GST.
