The Doors

**Riding On The Storm:
 The Sixties, & Now with
 John Densmore**

John Densmore

The Doors' career lasted a brief four years, but like The Beatles, their influence changed our culture. It's been 20 years since the Doors took the stage, but still, they remain one of the most popular rock bands of all time.

Over Stone, director of the movie The Doors, praises Densmore for his "self-experienced insights as a survivor and a seeker".

John will also play his drums...

If you're a musician, you won't want to miss this class as Densmore discusses The Doors music, how the songs evolved, the legendary recording sessions, the worldwide tours and more. And there will be plenty of time to ask John your personal questions.

Whether you're a musician or a Doors fan, don't miss this once in a lifetime opportunity - up close and personal with John Densmore. Seating is limited. Call today to reserve your tickets.

Densmore's presentation - part lecture, part performance, part video display - features rare footage of the band in an eclectic tour of an era that transformed popular American culture. Densmore will discuss the tortured genius of Jim Morrison, the Doors' singer, and his own fascinating journey from teenage musician to overage fame.

Mr. Densmore's lecture fee will benefit The Minority Student Scholarship Fund and The Institute for Positive Education.
