

Ashgrove W.I.

Citizenship and Legislature meeting attended by MPP

By MURIEL NURSE, P.R.O.

Herald Special

On September 17, the Ashgrove Women's Institute held their "Citizenship and Legislature" meeting at Hillcrest United Church on Trafalgar Road, with 23 members present.

Our guest speaker was Halton's Provincial Member of Parliament, Mr. Noel Duignan. He said that no briefing books were left by the former government. They only feed certain information to new members. Old information was shredded. Mr. Duignan is on the Precinct Committee which is working toward the year 1993, which is the Centennial of Queen's Park.

While looking over the condition of the building for needed repairs, a secret room was found which held many ancient muskets and they found another secret room with no easy access to it.

Mr. Duignan is on the Legislative Family Committee and the Placing Committee. He said his government is interested in a recovery program. They can't let small farms disappear. The farmers need a decent price for their commodities, such as wheat. There could be some cuts in the Health Budget. 24 professions are now regulated under the new Health Act. He mentioned the streetcars, the Dome, the balanced operating budget capital and operating expenses. Job creation is one of their main objectives. He brought us brochures on 1. How our laws are made and 2. Queen's Park and the gift of lapel pins.

At the Georgetown Fair, Ashgrove got first on the Women's Institute Display. The committee were Norma Alexander and Verna Bird. The Milton Fair Display is entitled "Pioneer Thanksgiving" with Mary Jane Wingfield and Elizabeth Treviranus on the Committee. Pat Stark gave a report on the District Annual and Verna Bird gave a report on the Ashgrove Road Signs.

In October, there is a Short Course for leaders on "Wardrobe Wizardry." Our Ashgrove leaders, Marion Patterson and Elizabeth Wilson will go to Barry Hill. At Milton Fair, Education Day, Pat Stark will be a Volunteer, manning the W.I. booth. Ismey Bird and Mary Wilson will bake tea biscuits for the booth.

The Womens Institute Area Convention will be held at Arthur on October 16 and 17, with Mary Jane Wingfield as the Ashgrove delegate and Gwen Brander as

the alternate voting delegate.

On November 24, the Women's Institute will celebrate their 90th birthday at Brookeville.

November 7 will be Women's Day at the Royal Winter Fair in Toronto.

A carload or two from Ashgrove plan to attend. There will be a hot meal at the Cafe Royal followed by the guest speaker Mavis Wilson, a Fashion Show, time to look at the Fair's exhibits and at 7 p.m. attend the Horse Show.

A thankyou note was received from Halton Women's Place for the gift of muffins and cookies from Ashgrove W.I.

Recipes for Meat, Fish, and Poultry for "A Basic Children's Cookbook" for the 4-H Club will be looked after by Gwen Brander.

A 4-H Club "Milk Makes It Better" will start on Monday, September 23 at Hillcrest. There will be two clubs with leaders - Carol Brownridge and Thelma Eller, also Gwen Brander and Lori Patten.

The book "Patient Beware" which gives pertinent information re: our Health Course of last Spring on Women and Cancer is on sale at Zellers in Milton.

A Bridal Shower (miscellaneous) will be held October 2 at 7:30 at Hillcrest Church for Marie Hartley, bride-to-be of Ken McNabb.

We extend thanks to our meeting hostesses, Mildred Blackett and Ruth Thompson; our social committee Mary Wilson and Ethel Wilson for a

lovely lunch; our meeting program convenor, Isla Allison for an interesting meeting. The courtesies were given by Elizabeth Treviranus.

COURTESY NOTICE OF PUBLIC MEETING
WARD 2 / MILL STREET / COBBLEHILL ROAD

Council for the Town of Halton Hills will conduct a Public Meeting to examine and discuss a proposed amendment to Zoning By-law 74-51 in order to permit a subdivision consisting of 60 single family residential lots and a multi-family residential block, which is proposed for 57 senior apartment units.

The subject property is located on the west side of Mill Street, at the intersection of Mill Street and Cobblehill Road, within the Acton Urban Area. The property is described as Part of Lots 27 and 28, Concession 2, Town of Halton Hills (Esquering).

Further information is available in the Planning Department.

Hospital
Auxiliary
flea-market

By BEV GOSS

Georgetown Hospital Auxiliary
What a summer! Meetings of the Auxiliary were discontinued over the summer to allow us to enjoy the lovely warm weather but all our other activities have carried on.

Plans are all systems go for our Flea Market on October 5. That's a Saturday. Time is from 9 till 12.

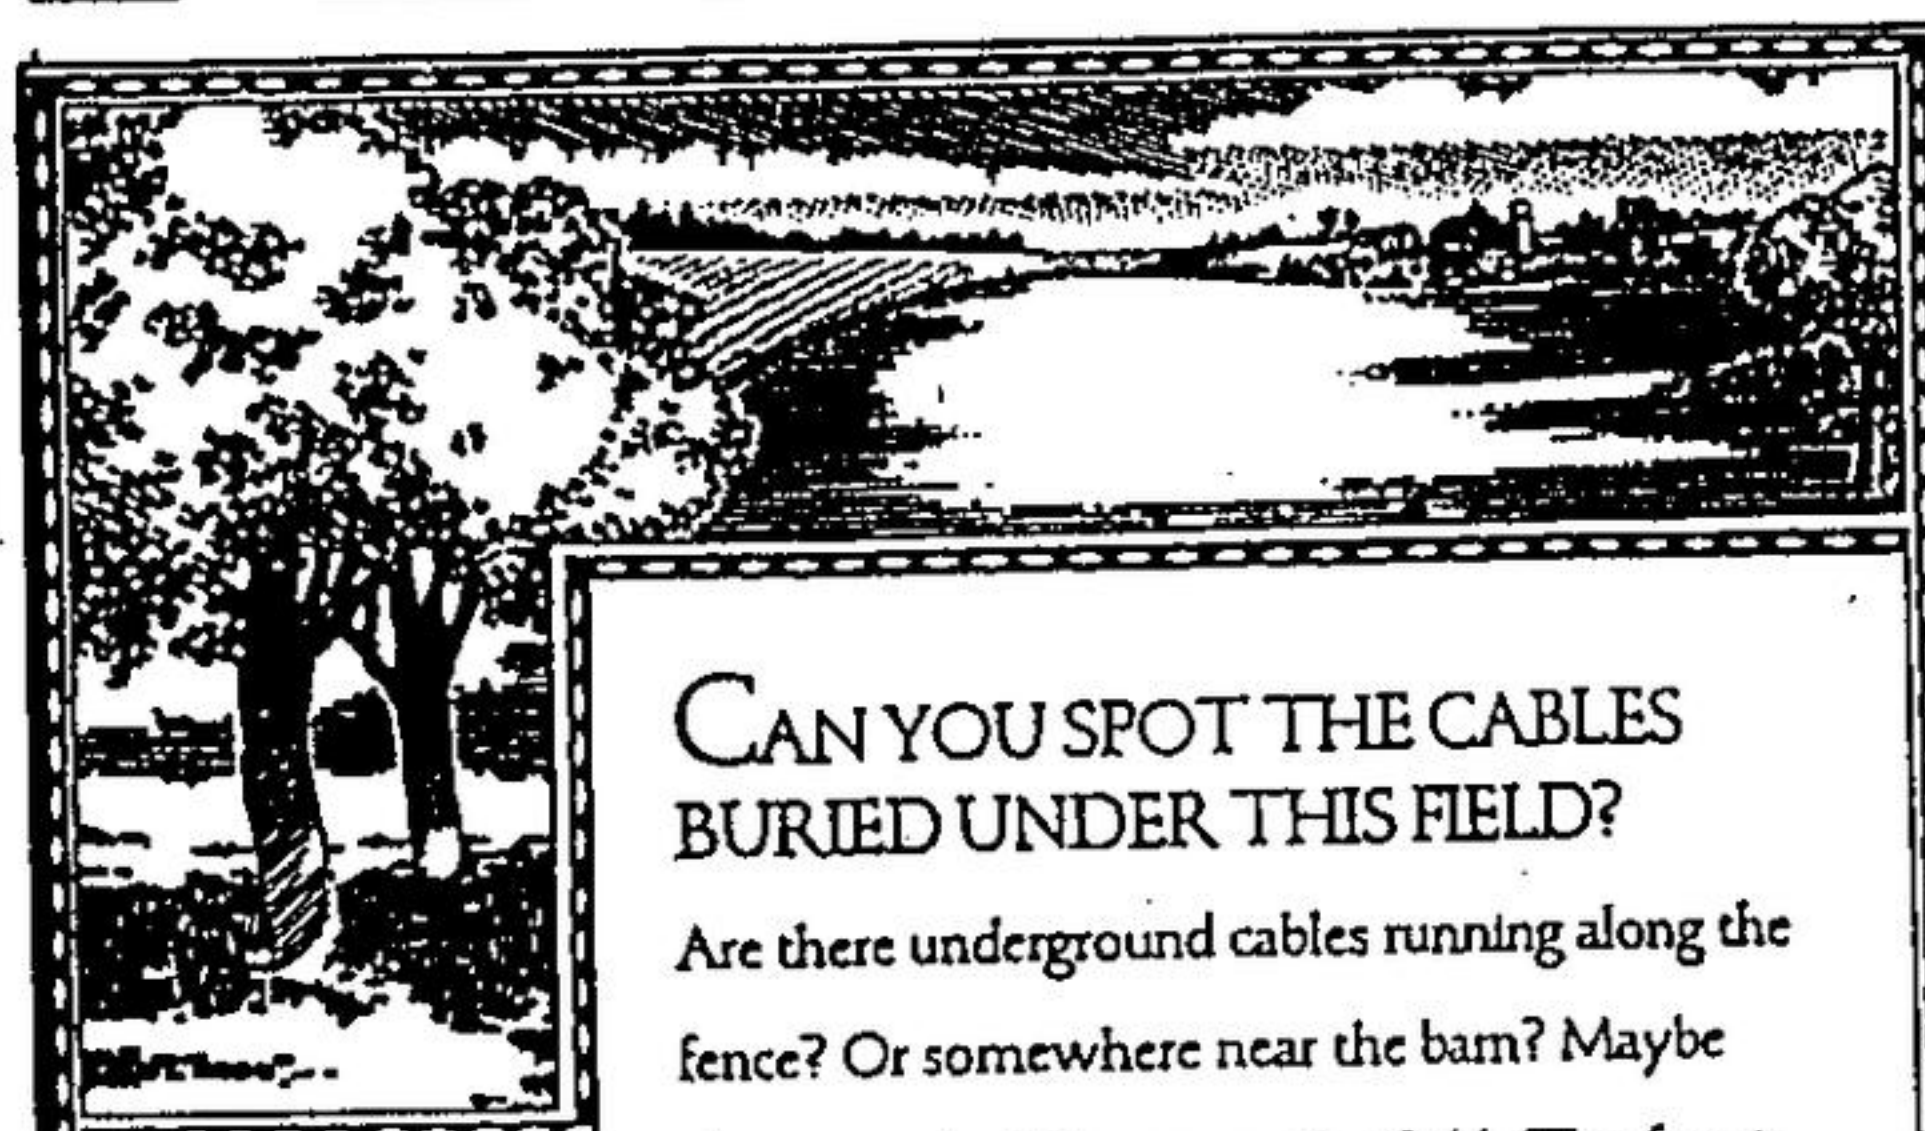

Look for us in the Hospital Courtyard but if it's raining, snowing or cool we will be holding it in the recreation room.

Georgetown and area residents have always given us great support in the past and we hope to see you on the 5th. We thank you for that support.

Five auxiliary members attended the Hospital Auxiliary Association of Ontario's Region 5 Fall Conference on Tuesday, September 17.

Held at Norfolk General Hospital, the Conference included a film and speaker on the subject of Alzheimers Disease and the services available.

PLUG IN

CAN YOU SPOT THE CABLES
BURIED UNDER THIS FIELD?

Are there underground cables running along the fence? Or somewhere near the barn? Maybe they stretch right across the field. The fact is,

you can't tell where they are, either in this picture or in real life.

That's why it's so important to call before you dig. Striking a buried cable could cut off power to you and your whole neighbourhood.

In the worst case, hitting a cable could be fatal. So please, before you dig, call us. We know exactly where the hydro cables are buried.

And we'll tell you quickly so you can get on with your job safely.

ENERGY HINTS

The Hidden
Drafts

Finding Them
In most homes, air escaping from the home is the greatest source of heat loss. A quick and simple way of finding invisible drafts is to take a piece of cellophane or plastic wrap and hang it from a coat hanger with a clothes pin. On a cold, windy day, pass this in front of areas where you suspect drafts. The cellophane will flutter when it meets a draft.

Sealing Them
Go to your building supply store, hardware store, or local utility and ask for advice on the best products to use to seal. Remember you want to seal the drafts from the inside.
