GINGERBREAD EXTERIOR BELIES MODERN INTERIOR

Traditional accents including fish-scale siding, decorative woodwork and covered porch create a charming exterior for this four bedroom plus bonus room design. The front entry opens onto the crosshall living and dining rooms each with matching bay windows. The kitchen with abundant counter space and step saving configuration serves the sunlit breakfast bay. The adjoining family room offers a fireplace and sliding glass door to the rear patio. A vaulted ceiling lends distinction to a generous main level master bedroom. His and hers wall closet and lavish ensuite with twin

vanity, whirlpool and shower are among the features of the master bedroom. The stairs ascend to a cozy study which could easily be used as a computer station or library. The three additional bedrooms share a skylit main bath with double vanity and soaking tub. The spacious bonus room provides an additional 410 square feet of living space - an ideal media centre or game room. The finished floor area of this quaint design is 2,121 square feet. Plans include a choice of foundations, including a full basement or crawl space. Send for Canada's largest

plan book with over 500 home plans, including a wide variety of architectural styles, from luxurious brick manors to affordable bungalows, only \$8.95 including shipping and GST. To order using Visa or Mastercard call toll free 1-800-663-6739 or send cheque or money order to Home of the Week, c/o the Halton Hills Herald, 382 West Broadway, Vancouver, B.C. V5Y 1R2.
