COTTAGE INVITES COZY RELAXATION

This quaint cottage is enhanced by a steep gabled roof, scalloped fascia boards and fieldstone chimney details. The front facing deck and covered balcony encourages outdoor living and allows the cottage to be used as a year round vacation retreat. The oversized masonry fireplace is the focal point of the main living area and serves to provide excellent heat distribution. The compact, step-saving kitchen serves the dining area. The main floor also has a bedroom, three piece bathroom with soaking tub and mudroom. The mudroom, directly off the back door, provides convenient storage for coats, boots and sporting equipment. The second level includes two more bedrooms, with the master containing a walk out to the

balcony, powder room and three large storage areas. The finished area of this cottage is 1,073 square feet. Send for Canada's largest plan book with over 500 home plans, including a wide variety of architectural styles, from luxurious brick manors to affordable bungalows, only \$8.95 including shipping and GST.
