PLAN NO. 91-1864

DORMER BRIGHTENS VAULTED LIVING ROOM

Graceful covered verandah with decorative trim, shelters the double door entry which opens to the foyer. Off the foyer is a sunken living room with window seat and vaulted ceiling. The railed gallery above views the living room below. The adjacent dining room has double French door access to a covered porch beyond - ideal for entertaining. The informal area stretches along the rear of the home and includes a kitchen, breakfast and family room. The kitchen offers an angled sink under corner windows, built-in deck and twin pantry closets. The

breakfast room overlooks the vaulted family room. Upstairs the master bedroom boasts a vaulted ceiling, plant shelf over the walk-in closet and ensuite with whirlpool spa and shower. A deck enhances one of the two additional bedrooms and a vaulted ceiling in the other. The finished floor area of this family home is 1,858 square feet. The plans offer a choice of foundations, including a full basement or crawl space. Send for Canada's largest plan book with over 500 home plans, including a wide

variety of architectural styles, from luxurious brick manors to affordable bungalows, only \$8.95 including shipping and GST.
