Canadian Trivia

Plastic soda-pop bottles may soon insulate your home. The idea came to Mark Meade while working in construction during a Northern Ontario winter. He found fibreglass was too flimsy to warm workers on scaffolding, but that spun clear plastic would be perfect for the job. Mark Meade has gone on to develop Puffibre - recycled plastic for insulation.

CARRIER OF THE WEEK BOYS-GIRLS

Travis, 11, of Georgetown, has been delivering the Halton Hills Herald for one year. He is a Grade 6 student at Centennial Middle School. Travis is saving his money until he gets enough to buy a remote control car, specifically one called The Hawk. He is a big R.C. fan, belonging to the Georgetown R.C. club which races cars every Sunday. When not competing with his own remote control car, he enjoys playing Nintendo and his current favorite game is 'Bad 'n' Rad'. He also enjoys playing baseball and downhill skiing. For being chosen carrier of the week, Travis will receive a large pizza courtesy of Pizza Hut in Georgetown.
