CONTEMPORARY OFFERS GLASS WALLED KITCHEN

3181 sq. ft.

Elegance is the hallmark of this four bedroom rancher. Dramatic ceiling details and distinctive window treatments abound throughout this family home. A portico front entry opens to a main foyer flanked by a formal living and dining room. The sunken living room boasts a coffered ceiling and two half circle-top windows which frame the fireplace. A high palladian window brightens the dining room and accentuates the barrel vaulted ceiling. The elegant master retreat features a huge skylit walk-in wardrobe and coffered ceiling. The lavish ensuite has his and hers vanity, oversized glass block shower, and skylit whirlpool spa. An adjoining den with French door access to the rear patio completes the master suite.

The open plan kitchen and family room creates a large informal space and is a natural gathering spot. The kitchen is a gourmet's delight with walk-in pantry, wet bar, desk, long centre cooking island and connecting breakfast bar for quick counter top meals. The kitchen flows to a sunny breakfast area and family room with warming wood stove. The breakfast room boasts a wide window wall with an array of skylights over, creating a greenhouse effect throughout this area. The three additional bedrooms revolve around a skylit main bathroom with twin vanity and large soaking tub. Convenient main floor laundry room located close to the bedrooms eases household chores. The

finished floor area of this distinctive home is 3,181 square feet.
