## Sumptuously Lit Interior

An array of dormers combined with skylights and floor to ceiling window wall in an optional rear porch yields a sumptuously lit interior. The wraparound verandah encompasses the 2,368 square foot design and leads to the rear porch. Numerous skylights, vaulted ceiling and glass on three sides captures the sunshine and truly makes this area a passive solar room. The entry opens to a massive living room; the two storey ceiling opens to a railed gallery above which further enhances the spaciousness of this area. Double French doors frame the

wood-burning fireplace and provides access to the skylit sun porch. The country kitchen comes complete with a vaulted ceiling, fireplace, pantry, dining area and adjoins the sun porch.

The main level master suite boasts a walk-in closet and ensuite with twin vanity and whirlpool spa. Upstairs, the railed gallery views the living room below and connects the two additional bedrooms. The bedrooms feature dormer windows and main bathroom with soaking tub.
