THREE OR FOUR BEDROOM VICTORIAN

Turret roof, prominent bay window and wraparound veranda distinguish this three or four bedroom design. This design includes two second level layouts; plans may be built with four bedrooms or three bedrooms and a vaulted ceiling over the family room which reduces the homes total square footage from 2,280 to 2,124 square feet. The foyer spills to the living room which rests in a large windowed bay. The adjoining dining room has ac-

cess to the railed verandah. The gourmet kitchen, with centre preparation island and raised eating bar, serves the sunny breakfast bay and family room.

Upstairs, the railed gallery boast a vaulted ceiling with half round window - an ideal study or computer station. The master bedroom's optional tray ceiling highlights the large sitting bay. The ensuite boasts twin vanities, whirlpool spa and shower. The two or three additional bedrooms share a main bathroom with soaking tub.

Send for Canada's largest plan book with over 500 home plans, including a wide variety of architectural styles, from luxurious brick manors to affordable bungalows, only \$8.95 (in-
