This classic vacation home provides 988 square feet of well planned living space for relaxation. This design is ideal for a cottage or retirement home. The spacious living and dining room, with masonry fireplace, offers a panoramic view through full length windows and sliding glass door. A large deck off the living room expands the living space outdoors and encourages outdoor activities. The step saving, U-shaped kitchen offers an abundance of counter and cabinet space. The open coun-

ter eases service to the dining room and gives this area the impression of being much larger. A spacious utility or mudroom provides ample space for sports equipment, wet boots and coats. The two bedrooms, each with wall closets and abundant natural light, share a main bathroom with soaking tub.
