10-Year Return

This chart represents the performance of Trimark Canadian Fund's 10 year average annual compound rate of return to October 31, 1991 of 14.1%. The latest 1, 3 and 5 year returns are 23.4%, 7.2% and 9.2% respectively. These rates of return reflect distributions reinvested, exclude sales charges and RRSP administration fees and have been audited by Ernst & Young Chartered Accountants. All results are based on past performance and are not indicative of future results. Funds are offered by prospectus only.
